NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained the parties hereto contract and agree as follows:

1. The County contracts and agrees that it will cause to be assessed or levied a special tax of up to fifteen cents (\$.15) per one-hundred dollars (\$100) valuation of all real and personal property in the District unless otherwise limited or prohibited by law or a vote of the people, and will collect said tax as part of the ad valorem taxes of the County of Chatham; provided, however, the amount levied annually shall be based on the needs projected in the budget estimate submitted by the Fire Department to the County as approved by the County.

3. Ninety-nine percent (99%) of current and delinquent funds collected for real and personal property including funds collected for County billed motor vehicles taxes shall be remitted to the Fire Department by the 10th of the month following the month of collection; provided, however, that the total sums remitted to the Fire Department in any fiscal year hereunder shall not exceed the sum appropriated for said service during the said fiscal year.

The Fire Department shall provide and furnish adequate fire protection services and will provide the necessary equipment, personnel, and other resources as determined necessary by the North Carolina Department of Insurance, Fire and Rescue Service Division, and the Insurance Service Office for all persons and property located within the District, and the fire department shall maintain a 9S certification in the rated District , and will furnish services free of charge to all persons and individuals within the District.
5. In addition the Fire Department may elect to provide and furnish Rescue and Emergency Medical Responder Services (“the Services”). In the event the Fire Department elects to provide such Services, it shall notify the County in writing that it is providing the Services, and shall continue to provide the Services until it notifies the County that it is no longer providing the Services. In providing the Services the Department agrees that it will provide at a minimum the necessary equipment, personnel and other resources as determined by the North Carolina Office of Emergency Medical Services and the individual designated by the County as the Medical Director (the “County Medical Director”). For purposes of this Agreement the term “Rescue” shall be defined as the furnishing services in medical emergencies in accordance with the guidelines provided by the North Carolina Office of Emergency Medical Services and the County Medical Director.
6. Current Fire Department personnel who are not Emergency Medical Responders (“EMRs”) or Emergency Medical Technicians (“EMTs”) may respond to emergency medical calls as dispatched provided they (i) have attended and participated in a minimum of twenty-four (24) hours of Emergency Medical Responder/Emergency Medical Technician continuing education during the past one (1) year and have completed CPR and skills evaluation as prescribed by the North Carolina Office of Emergency Medical Services and Rescue, and the County Medical Director within the preceding twelve (12) months, and (ii) have agreed to complete the minimum hours of EMR/EMT continuing education annual training as directed by the County Medical Director.

A roster of such Fire Department personnel and documentation of their required training shall be submitted to the County by January 31st of each year. No Fire Department personnel without such training shall be permitted to provide patient care, except in the case of CPR if applicable training has been completed, unless accompanied by a person who is qualified to provide CPR, or is a certified EMR or EMT.

7. All current Fire Department Emergency Medical Responders and Emergency Medical Technicians must have official certification on file with the Department. All Fire Department Emergency Medical Responders and Emergency Medical Technicians must maintain a current and valid State certificate and complete CPR and skills evaluations annually as prescribed by the North Carolina Office of Emergency Medical Services and the County Medical Director. A roster of Fire Department Emergency Medical Responders and Emergency Medical Technicians and recertification documentation shall be submitted to the County by January 31st of each year. No EMR or EMT without a current and valid certification from the North Carolina Office of Emergency Management Services shall not be permitted to provide patient care, except in the case of CPR, if applicable training has been completed, unless accompanied by a certified EMR or EMT.
8. The Fire Department shall complete the required annual Harris Plant training for fire departments located in Chatham County, including without limitation, mock drills and FEMA evaluations.
9. All funds paid to the Fire Department by the County shall be used exclusively by the Fire Department to provide the fire protection services within the District, and, should the Fire Department elect to provide Rescue and Emergency Medical Responder Services as provided in this Agreement within the District, such funds shall be used to pay those expenses as well, and to pay other legitimate fire, Rescue, and Emergency Medical Responder expenses attributable to such services rendered within the District.
10. The Fire Department shall operate in compliance of all applicable State and local laws and regulations including, but not limited to, the North Carolina Fire Incident Reporting System (N.C. G. S. 58-79-45, NC Administrative Code, §.0402). The Fire Department shall submit incident reports to the Fire Marshal's Office by the 10th of each and every month if applicable, in accordance with said directives. The Fire Department shall provide the County a copy of its Annual Training Report that is submitted to the NC Firefighter's Association, and shall record all equipment in the County's resource tracking system no later than January 31st of each year.
11. It is agreed that the County may inspect all books, records, and accounts of the Fire Department at any reasonable time. It is further agreed that the Fire Department will present the County with its annual budget request for its most recent fiscal year, annual audit by a Certified Public Accountant, which audit shall be in conformity with the most recent version audit policies of the County and the North Carolina Local Government Commission.
12. The Fire Department agrees to comply with County budgeting procedures and other procedures provided for by state law and shall submit annual budget estimates in accordance with established County budget timetables along with a supporting letter containing its request for a proposed tax rate signed by the Town Manager upon approval of its Town Board of Commissioners. The County will provide the Fire Department with standard forms for budget submission and the Fire Department shall use such standard forms.

13. Upon request of the Fire Marshal's Office, the Fire Department shall provide copies of its operating rules of procedure.
14. In the event the Town of Siler City (the "Town") (i) dissolves its fire department, or (ii) ceases to provide any fire protection services within the District, the Town hereby agrees that its dissolution shall be in conformity with Chapter 55A of the North Carolina Statutes. Unless prohibited by law, all equipment, real estate, and other related assets owned by the Town and used to provide fire protection services within the District (collectively "Fire Department Property") shall be delivered to the County to be used by the County exclusively for the provision of fire protection services within the District. Subject to the terms of this paragraph 14, the County shall pay the Town the fair market value (the "Purchase Price" of the Fire Department Property as of the effective date of dissolution of the Town's fire department, or the effective date the Town's fire department ceases to provide any fire protection service within the District, as the case may be (the "Determination Date"). The Purchase Price shall be determined by a person or persons knowledgeable of the value of the fire department property jointly selected by the County and the Town. If the parties are unable to agree on a person or persons to determine the fair market value, the Senior Resident Superior Court Judge for Chatham County shall appoint person or persons to determine the value. The closing of the purchase and sale of the Fire Department Property shall take place within thirty (30) days after the determination of value has been made. At closing the County shall be entitled to a credit against the purchase price determined as follows: The amount of funds remitted to the Town by the County under this Agreement (the "County Share") and the amount of funds appropriated by the Town to provide fire protection service in the District (the "Town Share") shall be calculated for each party during the five (5) year period next preceding the Determination Date. The total of the County Share and the Town Share shall be known as the "Total Fire Department Funds". The amount of the County credit shall be determined by calculating the percentage that the County share bears to the Total Fire Department Funds, for example if the total Fire Department Funds remitted by the County and appropriated by the Town during the five (5) next preceding the Determination Date is \$5,000,000, and the County share is \$3,000,000, then the County credit shall be sixty percent (60%) of Total Fire Department Funds, or \$3,000,000, and shall be a credit against the amount due the town for Purchase Price.
15. The Fire Department agrees to indemnify and save harmless the County from and against any and all liability and expenses, including attorney fees, court costs, and other costs incurred by the County, caused by an act or omission of the Fire Department, its agents, or employees, up to the amount of insurance required by this Agreement provided that such liability arises out of acts for which any defense of governmental, statutory, or common law immunity is not available to the County. The indemnification provided for herein shall not be construed as a waiver of any applicable defense of governmental, statutory, or common law immunity, and shall not prevent the Fire Department from asserting any defense of such immunity; provided, however, that the indemnity provided for herein shall apply unless and until a nonappealable judicial decision holding that no such immunity applies is entered.
