## Interlocal Agreement Regarding the Chatham-Cary Joint Land Use Plan

This Interlocal Agreement Regarding the Chatham-Cary Joint Land Use Plan ('Agreement') made and entered into this the 1<sup>st</sup> day of July, 2012, by and between **Chatham County**, a political subdivision of the State of North Carolina established and operating pursuant to the laws of the State of North Carolina, ('COUNTY') and the **Town of Cary**, a municipal corporation organized and existing under the laws of the State of North Carolina, ('TOWN')

### WITNESSETH:

WHEREAS, the COUNTY and TOWN have identified the protection of the B. Everett Jordan Lake to be of primary interests to both parties as a source of drinking water, a recreational amenity, wildlife habitat and an area of special environmental concern; and

WHEREAS, in December, 2005 TOWN and COUNTY adopted a resolution calling for joint planning of an area of common interest described as east of Jordan Lake, north of White Oak Creek, west of the Chatham County line with Wake County and south of the Durham County Line ('Joint Planning Area'); and

WHEREAS, after thorough, careful and diligent study and review, and with extensive public input, the parties have jointly prepared the "Chatham County-Town of Cary Joint Land Use Plan" ('PLAN') which consists of a written PLAN Document and PLAN Map, and each find PLAN be an agreeable policy document designed to guide future land use and other planning decisions of both COUNTY and TOWN; and

WHEREAS, the parties desire to provide additional guidance on how PLAN is to be administered, implemented, and from time to time, amended, so that it continues to be a useful and viable document for both the COUNTY and TOWN for land use and other planning decisions within the Joint Planning Area.

# Interlocal Agreement

- **10. Overall Plan Update.** For as long as this Agreement is in effect, TOWN and COUNTY will participate in a Joint Assessment of the PLAN every five (5) years. As part of the Joint Assessment, both parties will evaluate the performance and utility of the PLAN over the preceding five years, and each party will use the assessment to determine whether a joint update is needed. Such an update would occur in a fashion similar to the original development of PLAN, as determined by both governing boards at the respective times.
