What District do you reside in? District 2

Are you currently serving on a board or committee in Chatham County? No

If yes, which ones?

Please select up to THREE boards or committees on which you are willing to serve:  
[Affordable\\_Housing\\_Advisory\\_Com](#),[Environmental\\_Review\\_Advisory\\_C](#),[Planning\\_Board](#),[T](#)  
[ransportation\\_Advisory\\_Committ](#)

Why do you wish to serve in this capacity? As a resident and landowner in Chatham County for the past 14 years, I've seen an accelerated increase of development in our area. This seemingly fast-paced growth is understandable with the consideration of a number of factors; Chatham County is truly a special place to live, easily accessible to the triangle as well as Apex and Cary, and the creation of hwy 540 significantly reduced travel time to RDU. Although continued development is inevitable, I would like to help in any way I can to ensure that this growth fairly addresses community concerns. Concerns such as affordable housing (so people can live near their work), innovative and thoughtful road/highway construction, and very importantly environmental protections, drinking water (pollutants) riparian concerns, native (natural) environment, and green spaces for residents too.

Education/Experience: I am mostly a self-taught person. I completed two years of college, and then began my career as a Flight Attendant for American Airlines. However, even though I held down this full-time job, I served on our Co-op Board in Manhattan for a few years, and served on our Chatham County HOA Board, as Secretary, and one year as President (2015 - 2019). Soon after moving to Chatham in 2009, I became a member of the NC Botanical Garden. Through this resource, classes etc., I acquired a basic understanding of the importance of NC native plants and protections for our natural environment too. As the years have passed, it turns out I am an excellent researcher, a pretty decent writer (all those meeting minutes, I had to write up!). I love to read and enjoy learning. Although some of these committees may take me a while to catch up to speed, I am confident I would be an asset. Also, since I retired from American Airlines in 2021, I have the time to commit to these important committees.
