Affordable_Housing_Advisory_Com,Board_of_Health,Planning_Board

Why do you wish to serve in this capacity? I am dedicated to improving access to high-quality healthcare that is available to everyone in Chatham County. I believe in working together with trusted individuals and established networks to promote trust and care between healthcare practitioners and the community. My goal is to enhance community health and provide greater access to quality healthcare for the growing population of the county, regardless of where they live or work.

Education/Experience: I have dedicated over a decade of my life to nursing, having worked in various settings such as community, emergency, and intensive care environments. My passion for healthcare led me to become an active community organizer with CORE since September 2023. I have been working tirelessly with community members to identify and address barriers to healthcare, including but not limited to access to medical facilities due to transportation, limited availability of healthcare providers, and lack of after-hours care.
