What District do you reside in? District 4

Are you currently serving on a board or committee in Chatham County? No

If yes, which ones?

Please select up to THREE boards or committees on which you are willing to serve:
Transportation_Advisory_Committ

Why do you wish to serve in this capacity? In our world of climate change and technological innovation, nearly everyone recognizes that tomorrow's transportation solutions will look different from yesterday's. And now there are multiple sources of funding available to support parts of that transition. I would like to serve on the TAC in order to support efforts by county staff and commissioners to update and strengthen our transportation infrastructure. I believe that Chatham County can lead in transitioning to clean, renewable energy transportation that is safe and accessible to everyone. Because low-income people and people of color bear the worst impacts of climate change, and because the lack of accessible transportation in the county creates the greatest hardships for low-income individuals, I want to support their voices and participation in creating this vision. Particularly important to me is to reach out to the underserved and vulnerable people in our communities for their input about their transportation needs.

Education/Experience: I graduated with a BA in Public Policy from Duke University in 1991. After graduating I worked for six years with unhoused individuals and families in Phoenix, AZ, and Rock Island, IL. I returned to my home state in 1997 and worked at the Duke Nicholas School of the Environment, where I helped write research grant proposals. For the last 25 years, I have lived with and supported unhoused women and children in Chatham County at the Silk Hope Catholic Worker. I am an active member of Chatham Organizing for Racial Equity.
