Chatham Promise MOU Amendments

For traditional students who are recent high-school graduates

- Nothing substantial changes.
- Added funding limit to reflect tuition costs for two-year-degree.
- Some language changed to be aligned with new language for non-traditional students.
- Added language to prioritize funding for traditional students.

Chatham Promise MOU Amendments

For non-traditional students: All New

- Language provides support opportunity for students beyond the post-high-school graduation two-year period.
- Chatham County resident for at least 12-months, via public schools method: two forms of substantiating documentation and driver's license.
- Same funding limit as traditional students: two-year tuition costs.
- Non-traditional students who do not have college degrees unless pursuing credentials in current high-demand industries.

Chatham Promise MOU Amendments

Important notes:

- No additional funding allocation requested.
- All County support funding remains last-dollar.
- Traditional students (original target population) receive funding first.
