Why do you wish to serve in this capacity? I'm a retired city planner who would like to serve Chatham County in a role different from professional staff. I understand the importance of a comprehensive plan's goals but recognize that things change and that's when staff's role is critical to the process of balancing priorities. I've watched the county's work on a unified development ordinance and looked forward to seeing how it guides the county's growth and quality of life. I hope I can help make certain it's successful.
