Cool. Hopefully there can be a discount for the registration since a few are going from here. Rich mentioned trying to work something out. In any case, I think we still qualify as CJA members. The follow up will be with Casey Allred from ALBD (Casey Allred Casey_Allred@activelivingbydesign.org). She coordinates these things on their end. We have \$2633.92 left. Also, reach out to Linda Kinney on potential for discounted rates. Here's the comment from Katie Eyes: "Linda is working to see if we can get a further group discount, so I have copied her here. Do note the early bird registration date is in November. You will submit your receipts to ALBD and follow their process to be reimbursed." I think the rest looks good. I don't see any other option in terms of staying at less expensive hotels... you can verify with Denise that taxes are excluded.
