### Community Resource Hub Resilience Subcommittee

A group of approximately 15 people, including staff and community members, are standing in front of a white mobile food shuttle bus. The bus has "THE SPINNING PLATE" and "INTER-FAITH FOOD SHUTTLE" written on its side. A person in the foreground is holding a pink sign that says "VACCINE".

- A mobile, co-located effort of many Chatham Health Alliance partner agencies. The Hub has events all over Chatham County to safely provide community members with FREE resources.

15

**What is Prioritization?**

The is a process of using qualitative and quantitative data from the Assessment process to identify the top health priorities that the Alliance will focus on over the next 3 years.

Health priorities are used to develop the Chatham Health Alliance [Strategic Action Plans](#)

Strategic Action Plans are used to develop the Chatham County Public Health Department's Community Health Improvement Plan

16

**Prioritization Task Force**

A task force of Alliance members who came together to discuss using the Community Assessment to identify the Health Priorities for the next 3 years.

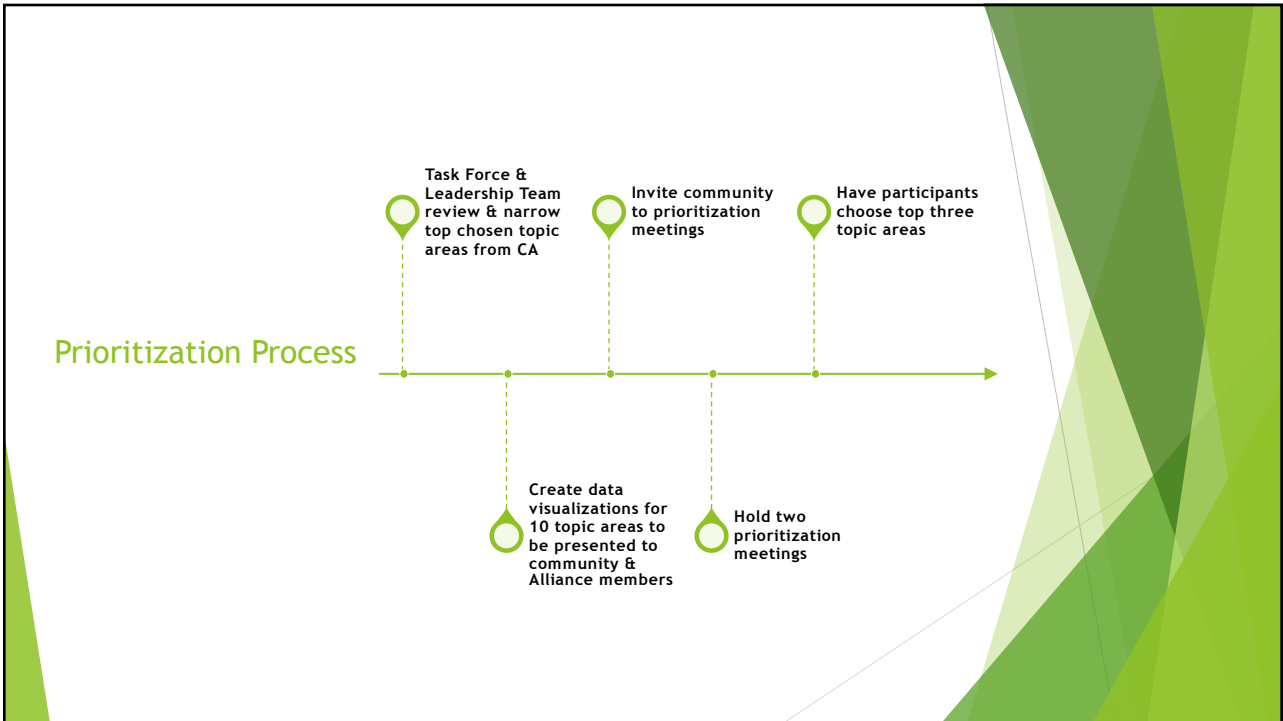

17

### Prioritization Proposal

- ▶ "The current Alliance subcommittees/health priorities will stay as they are. Once the data is analyzed and reviewed, if a new subcommittee/health priority is needed, one can be created. This decision is only for this prioritization year, and not binding for future Alliance prioritization."

## Strategic Planning in Subcommittees

- ▶ Chatham Health Alliance strategic plans are three year plans that utilize Results Based Accountability to create living documents that inform the work and resource of the Alliance.
- ▶ Timeline of Strategic Planning
  - Facilitators for each subcommittee will take a Results Based Accountability training in by the end of June 2022
  - Facilitators will meet after the trainings to develop a plan
  - Alliance members will meet in July and August to develop their Subcommittee specific strategic action plan

21

## Results Based Accountability

- Data-driven, decision-making process.
- Starts with ends and works backward, towards means.
- Population accountability organizes our work with co-equal partners to promote community well-being.
- Performance Accountability organizes our work to have the greatest impact on our customers. What we do for our customers is our contribution to community impact.
