

Request for Proposals

Disaster Debris Collection, Removal, and Disposition

Chatham County NC

Section 1 Purpose

Chatham County is issuing this Request for Proposals (RFP) from qualified companies for the removal, reduction, disposal, and other clean-up activities of debris generated by a hurricane, storm, tornado, or from other natural or manmade disasters. The agreement would be for a three (3) year contract period with optional one year extensions for up to two additional years. Proposals will be reviewed and contracts will be awarded to the company(ies) that best meet the needs of Chatham County.

During any state or local Emergency Declaration there is the possibility of federal funds being utilized. All contractors and approved subcontractors must comply with all applicable federal laws, regulations, executive orders and conditions of the identified funding source. The contract will be awarded as a fixed-price, Not to Exceed, or cost-reimbursement basis.

The Towns of Pittsboro, Siler City and Goldston are located within Chatham County and any or all of the incorporated municipalities may participate in the terms and conditions of the resulting contract(s). It is the intent of Chatham County to allow local governments and other governmental agencies within its jurisdictional boundaries to utilize this contract by entering into a Cooperative Purchasing Agreement with Chatham County. The Cooperative Purchasing Agreement will stipulate that any modifications or changes to this document and resulting contract(s) including but not limited to Consultant requirements, scope, or price be submitted to Chatham County in writing for acceptance and approval as originator of the contract. Any of the Chatham County incorporated municipalities that opt to enter into an individual contract may do so directly with the selected company(ies).

Section 2 Scope of Work

The primary purpose of this scope of work is to maintain the public health, safety, and well-being of the County during the response to an emergency situation, as well as to restore the public areas of the County to a normal condition. The Contractor understands and agrees that debris removal in the most expeditious manner possible is of the utmost importance and it will make every effort to complete all requirements of this Contract in the shortest time possible. The work to be performed under this Contract shall consist of collection, removal, and disposal of the debris caused by the disaster. The Contractor shall not be paid to remove, process or dispose of debris that is unrelated to disaster damage. Direction by the County in this proposal shall also mean direction by the Monitor. Debris removal from private property may be added to this contract

Trees, limbs and debris (including fallen trees) which are located partially on or above public property or right-of-way (ROW) shall be cut at the right-of-way line or property line, and the public portion shall be removed under this contract. No debris shall be loaded without the presence of a Monitor issuing a proper load ticket to document the origin of the load, date, contractor name, truck number, truck capacity, point of debris collection, and loading departure time. All loading shall be done by mechanical means.

The Contractor shall maintain Debris Management Sites in accordance with appropriate use standards,

safety standards, and regulatory requirements. All loads hauled shall be full and well compacted. Contractor shall track and map streets cleared of eligible ROW debris during each pass and provide this information to the Monitor on a daily basis. To receive payment under this Contract, Contractor shall submit an invoice to the Monitor for the debris hauled to each reduction or disposal site in accordance with the Contract, which shall be calculated from load tickets that are issued by a County representative at each site. Contractor shall be paid solely on the tickets issued and verified by the Monitor at the reduction sites.

2.1 Emergency Road Clearance

The Contractor will be responsible for the cutting, tossing and/or pushing of debris, hanging limbs, or leaning trees off of transportation routes as identified by and directed by the County or the incorporated municipality contracting with the awarded Contractor.

Time and material rate shall be applicable for this type of work

2.2 .Public Property Debris Removal

The Contractor will be responsible for the removal of vegetative debris, construction and demolition (C&D) debris or other eligible debris from public rights-of-way and County properties as directed by the County. Contractor will also be responsible for the removal of debris beyond the limits of public rights-of-way as necessary to abate imminent and/or significant threats to public health and safety of the community only as directed by the County or participating incorporated municipality.

2.3 Private Property Debris Removal

Removal of debris from private properties shall only occur as directed by the County and only when an imminent threat to life, safety and health is present on private property. This item will require prior approval of the Federal Emergency Management Agency (FEMA) and will be monitored for strict compliance with federal regulations regarding eligibility for reimbursement costs.

2.4 Debris Management Sites (DMS)

A. The Contractor will prepare and maintain a sufficient number of DMSs to accept and process all eligible debris within the timelines established in the Contract. The County has identified five (5) DMS sites within the County and shall make available all relevant DMSs to the Contractor at no charge. The debris management sites are **1)** Northwest District Park, 2413 Woody Store Road, Siler City, NC 27344; **2)** Northeast District Park, 5408 Big Woods Road, Chapel Hill, NC 27517; **3)** Southwest District Park, 15124 Highway 902, Bear Creek, NC 27207; **4)** Briar Chapel Park, 1015 Andrews Store Road, Pittsboro, NC 27312.; **5)** Chatham County Solid Waste & Recycling (3 sites) 28 County Services Road, Pittsboro, NC 27312. Any of the above referenced sites will only be activated after prior approval by the County. Additional sites deemed necessary and identified by the Contractor and/or County shall be approved by the County and the State prior to use. Contractor shall be responsible for procuring any privately owned properties. Preparation and maintenance of a DMS shall include:

1. All approach and interior haul roads;
2. Any necessary erosion and sediment control devices (silt fence, diversions, etc.);

3. Fencing, gates, or other security measures;
 4. Lighting if necessary;
 5. Dump pads and lined temporary storage areas for household hazardous waste, fuels and other materials that can contaminate soils, runoff or groundwater; and,
 6. An inspection tower sufficient for the monitoring of all incoming and exiting traffic; and,
 7. Restoration of the site to the condition at the time of initial preparation to the satisfaction of the County.
- B. All debris shall be processed in accordance with local, state and federal law, standards and regulations. Processing shall include, but not necessarily be limited to: reduction by tub grinding or chipping and/or incineration when approved by the County. Prior to reduction, all debris shall be segregated into the following categories:
1. Vegetative and clean, woody debris;
 2. Construction and demolition debris;
 3. White goods;
 4. Recyclable debris; and,
 5. Household hazardous wastes.
- C. Debris collected by Contractor at rights-of-way, at discretion of County, may be hauled directly to the nearest lawfully permitted solid waste management/recycling facility, bypassing the DMS.

2.5 Generated Hazardous Waste Abatement

Contractor will be responsible for the abatement of hazardous waste identified by the County in accordance with all applicable federal, state and local laws, standards and regulations.

2.6 Hazardous or Condemned Structures

The Contractor will be responsible for the demolition of hazardous or condemned structures that are deemed by the County to be an imminent threat to life, safety and public health as directed by the County.

2.7 White Goods

The Contractor may expect to encounter white goods available for recycling. White goods will constitute household appliances as defined in FEMA 325 Debris Management Guide. The Contractor will handle the disposition of all white goods encountered in accordance with applicable federal, state and local laws. Proper disposal of Freon is essential. As specified by the Clean Air Act, only qualified technicians can extract refrigerants.

2.8 Hazardous Stumps

The Contractor shall remove all stumps that are determined to be hazardous to public access as directed by the County. Stumps will be hauled to a DMS where they shall be inspected, categorized by size, reduced and managed in accordance with the Contract and all local, state and federal rules and regulations.

2.9 Stump Root Ball Holes

The Contractor will be responsible for the backfilling of stump root ball holes upon direction of the County with clean fill dirt as determined by the County. Clean fill dirt shall be compacted as directed by the County.

2.10 Drainage Way Debris Removal

Contractor shall remove eligible storm debris from drainage ways at the direction of County.

2.11 Storm-deposited Soils

The Contractor will be responsible for the loading and hauling of eligible storm-deposited soils (e.g., silt, sand, or mud).

2.12 Debris Disposal

The Contractor will be responsible for the transportation of all eligible storm-related debris, reduced debris, ash residue, and other products of the debris management process to the approved disposal facility in accordance with all applicable federal, state, and local laws, standards, and regulations.

The County will be responsible for the payment for all tipping fees incurred as a result of this process at each disposal facility.

2.13 Documentation and Inspection

All debris shall be subject to inspection by the County or the County's Monitor. Inspections will be to insure compliance with the Contract and applicable local, state and federal laws. The Contractor will, at all times, provide the County and Monitor access to all work sites and disposal areas. The Contractor and the County will have in place at the DMS personnel to verify and maintain records regarding the contents and volumes of the vehicles entering and leaving each DMS. The Contractor will assist the County in preparation of any required FEMA and state reports for any potential reimbursement through the training of County employees and the review of documentation prior to submittal. The Contractor will work closely with the North Carolina Division of Emergency Management, FEMA and other applicable state and federal agencies to ensure that eligible debris collection and data documenting appropriately address concerns of the likely reimbursement agencies.

2.14 Documentation and Recovery Process

In addition to debris removal activities, Contractor will provide the following:

1. Documentation of the recovery process;
2. Written and oral project status as requested;
3. Documentation review for accuracy and quantities; and,
4. Assistance in preparation of claim documentation.

Any costs associated with the documentation and recovery process shall be included in Contractor's prices in Attachment A. Proposers shall have proven experience with overall management and FEMA requirements, rules and regulations to qualify for this scope of work.

2.15 Miscellaneous

The Contractor shall not be required or paid to remove, process or dispose of debris that is unrelated to disaster damage as determined by the County.

Section 3 Minimum Qualifications of Bidder

- A. Proposals will be considered only from firms normally engaged in performing the type of work specified within this Request for Proposal. In the determination of the evidence of responsibility and ability to perform the required services by the Proposer, the County, in its discretion shall determine whether the evidence of responsibility and ability to perform is satisfactory. The County reserves the right to reject any or all proposals.
- B. Bidder must be licensed to do business in the State of North Carolina.

In addition to Attachment B, Contractor shall provide an hourly rate for all equipment and personnel expected to be assigned to the Project.

Section 7 Insurance and Legal Requirements

7.1 Insurance Requirements

Chatham County requires selected contractors and any subcontractors to obtain and maintain, at their own expense, all insurance required by state and federal law. If requested, the selected organization agrees to provide Chatham County with evidence of required policies, certificates and/or endorsements upon the award of the contract. At a minimum, contractors and subcontractors are required to have the following coverage related to any contract work for Chatham County:

- Workers compensation as required by the State of North Carolina.
- Professional liability, including errors and omissions, malpractice (if applicable) and negligent performance—at least \$1 million for all damages.
- Comprehensive general liability, including personal injury, broad form property damage blanket contractual and fire legal liability--\$1 million combined limit for bodily injury and property damage.

The County shall be named as an additional insured on both the professional liability and comprehensive general liability coverage. Contractor shall furnish copies of all such policies and all renewals, terminations and alterations to the County on a current basis.

7.2 E-Verify

Effective September 4, 2013 North Carolina local government units are prohibited from entering into certain contracts unless the contractor and the contractor's subcontractors, if any, comply with the requirements of N.C. Gen. Stats. §64-26(a). Prior to providing any services hereunder, Contractor and Contractor's subcontractors, if any, are subject to the provisions of N.C. Gen. Stats. §64-26(a). Contractor agrees to fully comply with such statute and require Contractor's subcontractors, if any, to fully comply with such statute.

7.3 Iran Divestment Act

Effective October 1, 2015 North Carolina local government units are prohibited from entering into certain contracts unless the contractor and the contractor's subcontractors, if any, comply with the requirements of §143C-6A-5. Contractor agrees to fully comply with such statute and require Contractors subcontractors, if any, to fully comply with such statute.

7.4 DIVESTMENT FROM COMPANIES THAT BOYCOTT ISRAEL:

Contractor certifies that (a) it is not identified on the Israel Boycott List or any other list created by the NC State Treasurer pursuant to NC G.S. 147-86.80 et al, and (b) it will not take any action causing it to appear on any such list during the term of the Contract Agreement.

Section 8 Review and Selection Process

The following criteria will be the basis on which firms will be selected for further consideration:

1. Specialized or appropriate expertise in this particular type of project.
2. Adequate staff and equipment for the project.
3. Ability to mobilize and remove material in a timely manner upon notification from the County.
4. Previous experience with this type of project.
5. Pricing.
6. Other factors that may be appropriate for the project.

The above listing does not indicate the order of importance. The selection committee shall establish a priority ranking for the final list of criteria for the project.

Section 9 County Conditions

- All proposing firms or individuals shall comply with all conditions, requirements, and specifications contained herein, with any departure constituting sufficient cause for rejection of the proposal. However, Chatham County reserves the right to change the conditions, requirements, and specifications as it deems necessary.
- The proposal must be signed by a duly authorized official of the proposing organization or individual submitting the proposal.
- No proposals will be accepted from any person or organization that is in arrears for any obligation to Chatham County, or that otherwise may be deemed irresponsible or unresponsive by county staff, the Chatham County Board of Commissioners, or the Chatham County Economic Development Corporation.
- Chatham County is not obligated to enter into any contract as a result of the RFP.
- All prices quoted must be firm for the duration of the Contract.
- Chatham County reserves the right to reject any and all proposals or any part thereof and to select the most responsive proposal that is deemed in the best interest of Chatham County.
- One or more proposals may be awarded as the result of the RFP.
- Chatham County may approve or disapprove the use of specific proposed subcontractors in any proposals.

- Chatham County reserves the right to enter into an agreement with another proposing vendor in the event that the originally selected vendor fails to execute a contract with the County or defaults on their contract.
- All proposals shall be prepared in a comprehensive manner as to content, but we do not require specific types of binders or promotional material for submissions. Promotional material will not be considered part of the proposal and will not affect the evaluation of proposals.
- Chatham County reserves the right to negotiate with any, none, or all of the proposing vendors.
- All costs, including travel and expenses, incurred in the preparation of this proposal will be borne solely by the proposing company.
- The County will not return proposal materials to those submitting proposals.
- No agreements with any selected vendor shall be binding until a contract is approved by the Chatham County Board of Commissioners and signed and executed by the County Manager and authorized representatives of the vendor.

The County of Chatham is an Equal Opportunity Employer and does not discriminate on the basis of sex, marital status, race, color, creed, national origin, age, or disability.
