## Multimodal Study

Multimodal transportation refers to the various ways people and goods move throughout a region. This study will encompass all modes of travel, including automotive, bicycle, pedestrian, trail networks, and transit.

Chatham County is inviting public input to better understand current transportation resources and gather your thoughts on future needs.

This comprehensive study covers the entire county and its connections to the neighboring areas.

Insights from this effort will help shape a planning initiative to develop long-term vision for multimodal travel throughout Chatham County.

## Estudio Multimodal

El transporte multimodal se refiere a las diversas formas en que las personas y los bienes se desplazan a lo largo de una región. Este estudio abarcará todos los modos de viaje, incluidos el automóvil, la bicicleta, el peatón, las redes de senderos y el transporte público.

El condado de Chatham invita al público a compartir sus opiniones para comprender mejor los recursos de transporte actuales y recopilar sus ideas sobre las necesidades futuras.

Este estudio integral abarca todo el condado y sus conexiones con las áreas vecinas.

Las conclusiones de este esfuerzo ayudarán a dar forma a una iniciativa de planificación para desarrollar una visión a largo plazo del transporte multimodal en todo el condado de Chatham.

# Multi-modal Transportation Opportunities in Chatham County

The image displays a web-based interactive map of Chatham County, North Carolina. The map is overlaid with a blue boundary indicating the county's extent. Numerous colored markers (green, red, blue, orange) are scattered across the map, representing various data points or comments. A 'Comment Panel' is open on the left side of the map, featuring a search bar, a 'Comment Panel' title, an 'Add Comment' button, and a 'Pick Comment Type' section. This section contains three options, each with an icon and a partially visible text description: a person icon for 'Corridors (roads or streets) that need impro...', a wheelchair icon for 'Corridors (roads or streets) that need impro...', and a bus icon for 'Corridors (roads or streets) that need impro...'. The map interface includes standard navigation controls like zoom in (+) and zoom out (-) buttons, a home button, and a search bar at the bottom left with the placeholder text 'Find address or place'. A large QR code is positioned in the bottom right corner of the map area. The background map shows major roads, including Interstates 40, 540, 77, and 85, and State Routes 1, 15, 64, 70, 73, 150, 220, 421, 540, and 67. Labeled locations include Garden, Chapel Hill, Morrisville, Cary, Raleigh, Apex, New Hill, Moncure, Goldston, Bear Creek, Siler City, Pittsboro, and Seagrave.
