In the case of trail projects in more than one county, the match shall be based on the lowest county tier. The required match is as follows:
 - (i) Tier 1: in the amount of one non-State dollar (\$1.00) of matching funds for every four dollars (\$4.00) of State funds;
 - (ii) Tier 2: in the amount of one non-State dollar (\$1.00) of matching funds for every two dollars (\$2.00) of State funds; or
 - (iii) Tier 3: in the amount of one non-State dollar (\$1.00) of matching funds for every one dollar (\$1.00) of State funds.

The match may include cash, fee waivers, in-kind services, the donation of assets, the provision of infrastructure, or a combination of these. Non-cash matches must be quantifiable and documented. Eligible matching funds shall follow the requirements outlined in the Guide.

- b) To be eligible, project costs must be incurred during the period covered by this Contract, be documented in the grant application, described in the project scope of this Contract, and initiated and/or undertaken after execution of this Contract by the Grantee and the Agency, unless the Grantee has obtained a Waiver of Retroactivity approved by the Agency. The Agency shall only pay or reimburse the Grantee for reasonable, eligible costs actually incurred by the Grantee that do not exceed the grant award amount for the Project outlined in this Contract.
- c) Land acquisition costs, and property value used as match, for fee title and easement acquisition shall be based on the fair market value of real property or the sales price, whichever is less. The value must be based upon an independent appraisal completed by a licensed appraiser holding a general or residential certification from the North Carolina Appraisal Board who certifies that it meets the Uniform Standard of Professional Appraisal Practices (USPAP) or Uniform Appraisal Standards for Federal Land Acquisitions (Yellow Book appraisal). Properties valued at over \$750,000 require two appraisals. Appraisals must be dated within 12-18 months of the effective date of the grant contract. The Agency shall review

Great Trails State Program Grant Agreement

the appraisal as to content and valuation. Approval of appraised amounts rests with the Agency.

- d) Fee title land or easement purchases acquired prior to the Grant being awarded shall only be considered an eligible cost if the Grantee obtained a Waiver of Retroactivity approved by the Agency prior to the acquisition.
- e) The Grantee agrees that all fee simple land purchases or easements acquired with GTSP assistance shall be used for recreational trail purposes for the use and benefit of the general public for a minimum period of fifteen (15) years after acquisition. GTSP-assisted development/renovation project, land purchases, and easements shall not be converted to other than public recreational trail use without the prior written approval of the Agency or its successor agency. If the GTSP-assisted development/renovation project, land purchases, or easements is converted without prior Agency approval, the Agency reserves the right to require the Grantee to reimburse the Agency for the full grant award amount.

This 15-year trail use requirement shall be binding upon the Grantee and all parties having any right, title, or interest in the property, and their heirs, successors, and assigns, and shall be binding upon all those claiming by, through, or under each such party. Furthermore, the Agency, and its agents, employees, and representatives shall have a right of entry and access to the property for the purpose of inspecting the property and exercising its enforcement rights during the 15-year period.

- f) In the event the Grantee, its successors or assigns, wishes to transfer the property or any interest therein during the 15-year period, it shall notify the Agency in writing of the names and addresses of any party to whom the property is intended to be transferred at least sixty (60) days prior to the time said transfer is to be consummated. Any transferee of the property or any interest therein shall take title subject to the 15-year trail use requirement referenced herein or applicable to the property. The Grantee, its successors and assigns, shall make specific reference to the 15-year trail use requirement in a separate paragraph of all subsequent leases, deeds, or other legal instruments by which the Property or any interest therein is conveyed.

 - k) Wherever possible and appropriate, bridges, boardwalks, signage, and other trail facilities shall follow standard designs and specifications as the Agency may specify.
 - l) The Grantee agrees to operate and maintain the project site so as to appear attractive and inviting to the public, kept in reasonably safe repair and condition, and open for public use at reasonable hours and times of the year, according to the type of facility and area.

- For line-item adjustments of ten percent (10%) or more for budgeted expenditures, the Grantee shall submit a written request for approval to the Agency and include a justification for the adjustment. Line-item adjustments requiring approval shall be effective only upon a dually executed amendment between the parties, in accordance with Paragraph 21 of this Contract.

Line-Item Budget and Narrative

Project Description

This feasibility study will identify a potential land trail corridor for the Deep River State Trail (DRST) in Chatham County. This 25-mile segment of trail along the southern border of Chatham County represents the southeastern most section and terminus of the planned state trail that totals approximately 125 miles. This study will explore a viable corridor location between Carbondon and the confluence of the Deep and Haw rivers in Moncure, where the Cape Fear River begins.

To date, the majority of land trail development of the DRST has taken place in Guilford and Randolph counties. However, the DRST steering committee has identified this feasibility study for Chatham County as a priority for 2024, and was included in their 2022 5-year plan. This trail corridor concept was also proposed in Chatham County's 2019 Parks and Recreation Master Plan.

Chatham county is experiencing an unprecedented period of growth and development, as the triangle region is expanding outward into its rural peripheries. In fact, according to the Office of State Budget and Management (OSMB), Chatham County is projected to grow by 17.8% between 2020 and 2023, and 14.9% between 2030 and 2024 adding approximately 27,000 people by 2040. This increase in growth means more people, with a greater demand for increased and diverse outdoor recreation opportunities in Chatham County. As evidenced in numerous studies and plans conducted throughout the county in recent years, providing more opportunities for recreation and ways to improve citizen health are high priority needs. By conducting this trail study, the county can explore how the Deep River State Trail can provide recreational opportunities while ensuring that some of the rural and historic character of southern Chatham County and the Deep River is highlighted and preserved.
