Clerk to the Board Lindsay Ray stated the Chatham County Board of Commissioner Rules of Procedure adopted in 1994 did not address remote meetings in any way. Staff has added language to the rules to allow remote meetings during states of emergency. Ms. Ray thanked Assistant County Manager Bryan Thompson for his help in revising the rules. The revisions are based on recommendations from the UNC School of Government as well as examples from other counties and municipalities around the state. Ms. Ray reviewed the requested revisions.

Commissioner Dasher asked if the staff could clarify the section stating electronic communication between a commissioner constitutes an electronic meeting. The Board agreed and staff will make those changes.

A motion was made by Vice Chair Hales, seconded by Commissioner Dasher,

that this Agenda Item be approved. The motion carried by the following vote:

Aye: 5 - Chair Howard, Commissioner Wilkie, Vice Chair Hales, Commissioner Crawford and Commissioner Dasher

PUBLIC INPUT SESSION

Nick Robinson submitted the following comments:

My name is Nick Robinson. I am a Chatham County resident, also practicing law at 128 Hillsboro St., Pittsboro, NC 27312. Thank you for the opportunity to be heard in these unusual times involving the Covid-19 virus. First of all, as a citizen, I am mindful that the County has many obligations to its citizenry specifically arising out of the Covid-19 virus issues. I thank each of you and the County Manager and all staffs for the adroit handling of things to date. As an attorney, I have a specific set of concerns related to the conduct of planning and land use matters. The bottom line of my comment is that other jurisdictions have implemented policies for remote legislative public hearings and it is very important that Chatham County do the same. By way of example, the Williams Corner applications were originally scheduled for public hearings on March 16, 2020. The Board voted to postpone the public hearings, a step that we all agree that was perfectly appropriate and prudent under the emergent circumstances at the time. The Board has now again indefinitely postponed the legislative public hearings for Williams Corner. Tonight, however, you will hold a legislative public hearing for the County's proposed borrowing for construction of communication towers, etc. In that legislative public hearing you have elected to limit public comment to the emailing of such comments to the Clerk of the Board. This is to request that, as soon as possible, you formulate and adopt similar reasonable accommodations to allow the Williams Corner and other public hearings to proceed.

I get the sense that this process is now underway with a good trajectory. On April 16, 2020, Jason Sullivan and I had a call with the Lindsay Ray, to talk about how some other jurisdictions are handling this issue. For example, our firm is scheduled to conduct a remote legislative public hearing this week and a quasi-judicial public hearing in May in Southern Pines, NC by use of streaming and remote meeting procedures. Lindsay has also followed up with an excellent email to say that the Manager's office is developing a policy for remote legislative public hearings to be reviewed and adopted by this Board at the May 18th, 2020 meeting. NCGS Section 153A-52 gives the Board extensive flexibility to adopt "reasonable rules governing the conduct of public hearings," including requiring opposing and supporting groups to designate a spokesperson. These, along with remote meeting applications, are just some of the tools that could make remote, legislative public hearings function seamlessly.

Out of fairness, equity and efficiency, we strongly urge you to develop a remote public hearing policy to be implemented, or at the very least, adopted at the May 18, 2020 regular meeting. We recognize that these are unusual times and we are mindful that the County has many other issues continually arising in response to the virus itself. So we thank you for your attention to this particular issue and look forward to the night in the very near future when we can hold the public hearings. Thank you.

The Board discussed the issues surrounding holding remote public hearings. Clerk to the Board Lindsay Ray said she believes it is possible to have remote legislative public hearings. The more important question is whether or not the Board also wants to allow residents to participate in person. Based on direction from the Board, Ms. Ray

is confident staff can come up with a recommendation to present to the Board in May that would allow remote public hearings to begin in June.

The Board agreed it would like to offer an in-person component as well as a remote component of future meetings while the County is under a state of emergency. Ms. Ray stated that she would keep Mr. Robinson updated on the options staff is considering.

A motion was made by Vice Chair Hales, seconded by Commissioner Dasher, to direct staff to develop a recommendation to present at the May 18, 2020 meeting for holding remote meetings in combination with in-person meetings during states of emergency. The motion carried by the following vote:

Aye: 5 - Chair Howard, Commissioner Wilkie, Vice Chair Hales, Commissioner Crawford and Commissioner Dasher
