Delaney			<p>1. Seek legislation for new timelines and procedures to establish municipalities in conjunction with large developments, or a pattern of development, that create residential density above the average population of North Carolina towns and cities. This is to improve the way the state legal system enables residents to receive well-planned public services during a period when state laws and programs are driving large population influx.</p> <p>-----2.</p> <p>Seek legislation amending NCGS Section 160A-87 to require governing boards to track, evaluate, and oversee compliance with ethics requirements on an annual basis. Establish and fund a public ethics office in an appropriate state body that serves as a resource on these topics and administers an anonymous reporting, investigation, and compliance program.</p>			<p>1. Seek legislation that establishes contemporary baseline requirements of a sound basic education guaranteed by the NC Constitution. Apply that standard to all public spending on education (e.g., public schools, charter schools, voucher programs). Assess schools on meeting those standards and condition the receipt of public funds on achieving those standards.</p> <p>-----2.</p> <p>Seek legislation that links salary for public school teachers (pre-K to 12) to national standards and ensures that North Carolina is in the top half of all states for teacher salary.</p>
