I would like to serve on the Chatham County Planning Board because I care deeply about preserving what makes Chatham County special while planning thoughtfully for its future. I bring a balanced, pragmatic perspective that recognizes the need for responsible growth while protecting our rural character, natural resources, and quality of life. My background in business development, infrastructure, renewable energy, and community engagement has given me experience evaluating complex issues from multiple viewpoints and finding practical solutions. I believe good planning should support local businesses, strengthen our communities, and ensure Chatham County remains a great place to live for generations to come. I've read all of the former UDO multiple times, am aware and track state and federal legislation, attend Planning Board Meetings, and engage robustly in conversation that encourages balanced, long thinking response in an often reactive environment.
