2021 Climate Change Advisory Committee recommendations:

1. Conserve lands—20,000 acres with interim goals (UDO? Other steps and action plans?)
2. Tree preservation—develop tree protection ordinance (UDO?)
3. Promote sustainable agriculture—hold a mini-summit (Does this fit within existing action plans?)
4. Learning areas—establish 10 carbon management demonstration parks
5. Green space in new developments – Set policies to ensure optimal carbon management. (UDO + municipal ordinances?)
6. Cleaner County Fleets – Increase use of EVs and hybrid vehicles
7. Accessibility of EV Charging Stations.
8. Reduce emissions with Green Buildings
9. Green Jobs Summit
10. Climate Perspective in County Decision and Progress Measurement
