MEMORANDUM

TO: Local Health Directors

FROM: Wendy Holmes, RN, Head *WH*
Immunization Branch

SUBJECT: Funding Opportunity for Activity 715 Immunization Action Plan

The purpose of this memo is to make you aware of a funding opportunity available for your health department. Federal immunization funds provided to your health department are designed to support immunization activities outlined in the 715 Immunization Activity Plan. These activities assure that individuals are age appropriately immunized, and reduce the occurrence of vaccine-preventable diseases. The time period for these funds being made available to you gives your health department the option to receive the funds after March 31, 2016, or to decline these funds. Acceptance of these funds will not change the scope of work and deliverables of the current Agreement Addendum. The proposed allocation for your county is found in Attachment A.

Should you elect to receive these funds, they may be accessed through the WIRM in Activity 715 Immunization Action Plan by April 1, 2016. No revision to your current Agreement Addenda is required in order for your health department to receive these funds; however, they must be spent or encumbered by the end of the service period, May 31, 2016. All expenditures must be reported by the liquidation date of June 30, 2016, and the funds must be used in accordance with the guidance outlined in the SFY 15/16 Agreement Addendum for activity 715.

Please click on the following link and complete the short survey to indicate your agreement to receive or decline these funds. <https://www.surveymonkey.com/r/715IAP>

The survey will remain active until March, 30, 2016. Funds will be allocated to those health departments that have elected to receive them. Funds will not be provided to health departments that do not respond to the survey or decline to receive them.

Questions may be directed to, Gary Walker at 919-707-5556 or gary.walker@dhhs.nc.gov.
