Request for permission for Fireworks show

I would like to get approval to do a fireworks show For the Governors Club at; 11000 Governors Drive, Chapel Hill NC 27517 on the 4th of July 2020. My Company, Skylights Fireworks has been doing a fourth Show for the Governors Club for several years now with great results. All necessary pyrotechnic license with the state of NC fire marshals office are held by all my employees. We have a perfect safety record and consider safety #1 when it comes to shows. The venue is very safe as the fire marshal oversees every aspect of the process of the fireworks show.

I respectfully request permission to have a Fire-Works show on the Fourth of July at Governors Club This year of 2020. Thanks you for this consideration.
