WORK HISTORY

Lube Technician / Strickland Brother's 10 Minute Oil Change - Siler City, NC
/ 06.2024 - Current

- Working at Strickland Brothers requires a high level of responsibility and specialized knowledge to ensure the proper care and maintenance of customers' vehicles
- One of the primary responsibilities is overseeing essential services like oil changes, tire rotations, and filter changes
- Part of the role also involves providing guidance and advice to customers regarding their vehicles
- Additionally, recommending the appropriate type of lubricants and fluids for customers' vehicles is another important aspect of the job
- Overall, working at Strickland Brothers involves not only performing technical services with expertise but also providing excellent customer service by educating and guiding customers on how to best care for their vehicles

91B Wheeled Vehicle Mechanic / Army Reserve - Raleigh, NC / 08.2023 - Current

- As a 91B, also known as a diesel mechanic in the United States Army, my primary responsibility is to ensure that all military vehicles assigned to my unit are maintained in a mission-ready condition
- One of the fundamental aspects of my role is preventive maintenance checks and services (PMCS)
- In addition to routine maintenance, I am also responsible for diagnosing and repairing mechanical, electrical, and hydraulic systems on diesel-powered vehicles
- As a diesel mechanic in the Army, I am held to a higher standard of accountability and proficiency
- Furthermore, teamwork and communication are essential in my role
- Overall, being a 91B in the Army demands not only technical expertise but also dedication to the mission and a commitment to upholding the Army values of duty, honor, and integrity

Parts Specialist / Oreillys Auto Parts Store - Siler City, NC / 01.2022 - 06.2024

- Working at O'Reilly Auto Parts entails several crucial responsibilities that ensure smooth operations and excellent customer service
- One of the foremost responsibilities is maintaining a high level of product knowledge
- Another key responsibility is inventory management
- Additionally, proficiency with computer programs is essential
- Daily tasks also include ensuring that shelves are well-stocked and organized
- Overall, working at O'Reilly Auto Parts demands a combination of technical knowledge, organizational skills, and customer service expertise

EDUCATION

central carolina community college - Sanford, NC / Expected in 06.2026

Associates degree: welding technology

US Army Ordnance School - Fort Gregg-Adams, VA / 05.2024

AIT: Diesel automotive

In Advanced Individual Training (AIT) for the Army as a 91B (wheeled vehicle mechanic), learning how to maintain and repair diesel engines was a structured and comprehensive process designed to prepare soldiers for their roles in maintaining military vehicles.

CERTIFICATIONS

- 609 A/C certified
