I. **Background:**

On March 6, 2020, the President of the United States signed into law the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123) (Coronavirus Supplemental). This Act provides funding to prevent, prepare for, and respond to Coronavirus Disease 2019 (COVID-19).

To support governmental public health emergency response to COVID-19, the Centers for Disease Control and Prevention (CDC) has activated CDC-RFA-TP18-1802 Cooperative Agreement for Emergency Response: Public Health Crisis Response (www.cdc.gov/phpr/readiness/funding-crisis.htm). CDC is awarding funding, totaling \$569,822,380, under Components A and B to eligible jurisdictions that are on the approved but unfunded (ABU) list for CDC-RFA-TP18-1802 to provide resources to prevent, prepare for, and respond to COVID-19. This funding is intended for state, local, territorial, and tribal health departments to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. These funds are in addition to funds CDC previously awarded to select jurisdictions for COVID-19 response activities.

The Division of Public Health (DPH), Public Health Preparedness & Response (PHP&R) Branch, is making an allocation of these funds available to all local health departments through the “CDC-RFA-TP18-1802, Cooperative Agreement for Emergency Response: Public Health Crisis Response, COVID-19 Crisis Response Cooperative Agreement – Components A and B Supplemental Funding” to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities.

II. **Purpose:**

This Activity is for the Local Health Department to work to prevent, prepare for, and respond to Coronavirus Disease 2019 (COVID-19) by carrying out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities.

III. **Scope of Work and Deliverables:**

All of the activities the Local Health Department performs under this Agreement Addenda shall be informed by the NC DHHS COVID-19 Guidance for Health Care Providers and Local Health Departments.¹ The Local Health Department (LHD) shall:

1. Implement and scale-up **laboratory testing and data collection to enable identification and tracking of COVID-19 cases** in the community with emphasis placed on priority populations as defined in NC DHHS guidance² to include health care workers, first responders, persons in high-risk congregate settings, and persons at a higher risk of severe illness, and immediate implementation of real-time reporting to PHP&R. This shall be accomplished by conducting one or more of the following activities:
 - a. Expand testing access in the community with a focus on persons who may expose vulnerable people.
 - b. Conducting surveillance to identify cases, report case data in a timely manner, identify contacts, characterize disease transmission, and track relevant epidemiologic characteristics including hospitalization and death.
 - c. Conducting surveillance to monitor virologic and disease activity in the community and healthcare settings, with emphasis on expanding contact tracing for high risk populations using traditional and non-traditional methods.
 - d. Implementing routine and enhanced surveillance to support the science base that informs public health interventions that mitigate the impact of COVID-19, including understanding of clinical characteristics; infection prevention and control practices; and other mitigation requirements.
 - e. Establishing or enhancing core epidemiological activities to support response such as risk assessment, case classification, analysis, visualization, and reporting.
 - f. Conduct surveillance to monitor disruption in the community caused by COVID-19 and related mitigation activities (e.g., school closures and cancellation of mass gatherings).
 - g. Conduct surveillance to monitor disruption in healthcare systems caused by COVID-19 (e.g., shortages of personal protective equipment).
2. Write a brief **COVID-19 community intervention implementation plan** and upload it by May 31, 2020 to the COVID-19/Agreement Addendum/County Submissions/CountyName folder at <https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx>. The naming convention for this plan shall be, "CountyName-Community Plan" (for example: Wake-Community Plan).

This plan shall describe how the LHD will achieve the response's three mitigation goals: 1) Slow transmission of disease, 2) Minimize morbidity and mortality, and 3) Preserve healthcare, workforce, and infrastructure functions and minimize social and economic impacts. The LHD shall use its

² <https://files.nc.gov/ncdhhs/documents/files/covid-19/COVID-19-Provider-Guidance-Final.pdf>

current Pan Flu Plan as a template and create a COVID-19 Community Intervention Implementation Plan that shall address how the LHD will accomplish the following tasks, with emphasis on addressing high-risk congregate settings such as long-term care facilities, homeless shelters, correctional facilities, and migrant farmworker camps:

- a. Minimize potential spread and reduce morbidity and mortality of COVID-19 in communities.
 - b. Plan and adapt for disruption caused by community spread and implement interventions to prevent further spread.
 - c. Ensure healthcare system response is an integrated part of community interventions.
 - d. Ensure integration of community mitigation interventions with health system preparedness and response plans and interventions.
3. Summarize the LHD's COVID-19 community intervention implementation plan into a **COVID-19 community intervention executive summary** and upload it by May 31, 2020 to the COVID-19/Agreement Addendum/County Submissions/CountyName folder at <https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx>. The naming convention for this executive summary shall be, "CountyName-Executive Summary" (For example: Wake-Executive Summary).

This executive summary shall describe a brief statement of the problems or proposals covered, background information, analysis and conclusions regarding how the LHD will meet the response's three mitigation goals: 1) Slow transmission of disease, 2) Minimize morbidity and mortality, and 3) Preserve healthcare, workforce, and infrastructure functions and minimize social and economic impacts.

4. **Identify and address additional response needs through one or more of the allowable activities** from the list of Domains and Categories below, with examples of such activities provided in Appendix 2 of the attached "CDC-RFA-TP18-1802, Cooperative Agreement for Emergency Response: Public health Crisis Response, COVID-19 Crisis Response Cooperative Agreement - Components A and B Supplemental Funding Interim Guidance" document dated March 15, 2020 ("CDC Interim Guidance document"):
- a. Domain 1: Incident Management for Early Crisis Response.
 - i. Emergency Operations and Coordination
 - ii. Responder Safety and Health
 - iii. Identification of Vulnerable Populations
 - b. Domain 2: Jurisdictional Recovery.
 - c. Domain 3: Information Management.
 - i. Information Sharing, with emphasis on infection control policies and proper use of personal protective equipment (PPE)
 - ii. Emergency Public Information and Warning and Risk Communication, with emphasis on expanding communications and public education campaigns including digital platforms and call lines
 - d. Domain 4: Countermeasures and Mitigation.
 - i. Nonpharmaceutical Interventions
 - ii. Quarantine and Isolation Support, with emphasis on isolation and quarantine of identified cases in high risk populations
 - iii. Distribution and Use of Medical Materiel

- e. Domain 5: Surge Management.
 - i. Surge Staffing
 - ii. Public Health Coordination with Healthcare Systems
 - iii. Infection Control
- f. Domain 6: Biosurveillance.
 - i. Public Health Surveillance and Real-time Reporting
 - ii. Public Health Laboratory Testing, Equipment, Supplies and Shipping
 - iii. Data Management

IV. Performance Measures/Reporting Requirements:

The Local Health Department shall:

1. Provide data as requested by PHP&R that supports reporting the performance measures and deliverables from the CDC-RFA-TP18-1802, Cooperative Agreement for Emergency Response: Public Health Crisis Response, COVID-19 Crisis Response Cooperative Agreement - Components A and B Supplemental Funding. The CDC will determine the essential data elements by April 15, 2020. Upon receiving this information from the CDC, PHP&R will communicate it to the LHDs via email with delivery/read verification.
2. Submit the following updates and reports to PHP&R:
 - a. Monthly updates to the COVID TP18-1802 Awardee Spend Plan (Excel spreadsheet).
 - i. These updates are to be uploaded in the COVID-19/Agreement Addendum/County Submissions/CountyName folder, located at <https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx> at no later than thirty days after each month ends. The naming convention for these files shall be, "CountyName-MonthOfReport Spend Plan" (for example: Wake-April Spend Plan).
 - ii. This spreadsheet is available for download and it resides in the COVID-19/Agreement Addendum folder of the Preparedness Coordinator forum, located at: <https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx>
 - b. Monthly Expenditure Monitoring Reports (EMRs) are due via email (phpr.sgm@dhhs.nc.gov) to the PHP&R Program Manager no later than thirty days after the month ends.
3. Provide all plans and documents for review by PHP&R staff when requested. Plans and other documents must be consistent with state and federal requirements and must be specific to your local public health area.

V. Performance Monitoring and Quality Assurance:

PHP&R will provide technical support to the Local Health Department to meet the required and allowable activities defined in the CDC Interim Guidance document. Templates and best practices will be provided as needed on an ongoing basis. PHP&R staff will maintain open communication with the Local Health Department and will therefore, receive and respond to all questions related to the COVID-19 Crisis Response Cooperative Agreement.

PHP&R's Subrecipient Grants Monitor or PHP&R Program Manager's designee will review reports and may schedule and conduct on-site visits with the Local Health Department to assess compliance with CDC grant and Agreement Addendum requirements, financials, and/or provide consultative assistance.

Inadequate performance on the part of the Local Health Department directly impacts the capacity of North Carolina's ability in overall preparedness. In the event that performance is deemed inadequate or non-compliant, PHP&R reserves the right to identify the county as "high risk," which may result in a reduction or suspension of funds.

While not necessarily an indicator of inadequate performance, a Local Health Department's inability to spend allocated funds will result in an assessment and potential recall of funds for re-allocation to other local health departments.

VI. Funding Guidelines or Restrictions:

1. Requirements for pass-through entities: In compliance with 2 *CFR* §200.331 – *Requirements for pass-through entities*, the Division provides Federal Award Reporting Supplements to the Local Health Department receiving federally funded Agreement Addenda.
 - a. Definition: A Supplement discloses the required elements of a single federal award. Supplements address elements of federal funding sources only; state funding elements will not be included in the Supplement. Agreement Addenda (AAs) funded by more than one federal award will receive a disclosure Supplement for each federal award.
 - b. Frequency: Supplements will be generated as the Division receives information for federal grants. Supplements will be issued to the Local Health Department throughout the state fiscal year. For federally funded AAs, Supplements will accompany the original AA. If AAs are revised and if the revision affects federal funds, the AA Revisions will include Supplements. Supplements can also be sent to the Local Health Department even if no change is needed to the AA. In those instances, the Supplements will be sent to provide newly received federal grant information for funds already allocated in the existing AA.
2. Unallowable costs:
 - a. Research
 - b. Clinical care except as provided above in connection with Domain 4 activities.
 - c. Publicity and propaganda (lobbying). Other than for normal and recognized executive-legislative relationships, no funds may be used for:
 - i. publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body
 - ii. the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before any legislative body

Detailed guidance on this prohibition and additional guidance on lobbying for CDC recipients can be found under Additional Requirement 12: https://www.cdc.gov/grants/documents/Anti-Lobbying_Restrictions_for_CDC_Grantees_July_2012.pdf
 - d. All unallowable costs cited in CDC-RFA-TP18-1802 remain in effect, unless specifically amended in the CDC Interim Guidance document, in accordance with 45 CFR Part 75 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards.
3. PHP&R will distribute funds to the Local Health Department in amounts based on a formula developed to maximize COVID-19 prevention and mitigation actions to protect the citizens of North Carolina. Funds will be distributed through the Controller's Office based on standard DPH procedures. It is anticipated that the level of funding provided through this Agreement Addendum

will not be enough to support all of the activities that a Local Health Department will undertake and that other resources may be necessary to meet the requirements.

4. Overlap in Projects, Budget Items, or Commitment of Effort
 - a. Funds cannot be used to supplant existing federal funds awarded by other federal sources.
 - b. Funds cannot be used to match funding on other federal awards.
5. PHP&R reserves the right to review any expenditure that is not in line with the purpose and scope of the funding source. After review of the expenditure PHP&R may reject the expenditure and then require the Local Health Department to further justify or to pay back the expense.

Vote on a request to accept \$6,500 Breast and Cervical Cancer Control Program (BCCCP) additional Funds

Action Requested: Vote on a request to accept \$6,500 Breast and Cervical Cancer Control Program (BCCCP) additional Funds

Introduction & Background: The goal of the North Carolina Breast and Cervical Cancer Control Program (NC BCCCP) is to reduce the morbidity and mortality due to breast and cervical cancers in women by providing breast and cervical cancer screening services for eligible underserved women of North Carolina.

Discussion & Analysis: The capitated rate for each woman served was increased under Agreement Addendum Revision #1. That Revision #1 also provided additional *federal* funding to coincide with this increased rate but it did not provide any additional *state* funding. Without an increase in state funding, the Revision #1 should have reduced the number of women who are to be served with state funding. This Agreement Addendum Revision #2 now corrects that error and the number of women served with state funding coincides with the funding available.

How does this relate to the Comprehensive Plan: n/a

Budgetary Impact: No Funding Requested.

Recommendation: Vote on a request to accept \$6,500 Breast and Cervical Cancer Control Program (BCCCP) additional Funds

☒ Agreement Addendum Revision # 2

I. **Background:**

No change.

II. **Purpose:**

The capitated rate for each woman served was increased under Agreement Addendum Revision #1. That Revision #1 also provided additional *federal* funding to coincide with this increased rate but it did not provide any additional *state* funding. Without an increase in state funding, the Revision #1 should have reduced the number of women who are to be served with state funding.

This Agreement Addendum Revision #2 now corrects that error and the number of women served with state funding coincides with the funding available.

This Agreement Addendum also provides additional federal funds to increase the federal screening targets as listed in Section III. Scope of Work and Deliverables below.

III. **Scope of Work and Deliverables:**

As of April 1, 2020, this Agreement Addendum Revision #2 replaces Paragraph A in its entirety with the following:

- A. Provided Services. The Local Health Department (LHD) shall provide breast and cervical cancer screening services and/or diagnostic services to NC BCCCP-enrolled women according to the following table:

Vote on a request to approve the naming of one private road in Chatham County

Action Requested: Motion to approve the private drive(s) as listed:

A. Innovation Way

Introduction & Background: The Chatham County Commissioners adopted an ordinance providing the establishment for the naming of private roads in Chatham County. The Office of Emergency Operations has received one petition requesting the naming of one (1) private road located in Chatham County on private property. This petition is in order, complete and bears the proper number of required signatures.

Discussion and Analysis: As part of its plan to develop the Enhanced-911 Emergency Response System, there is a vital need to maintain the County's established system providing for the naming of private roads. This is important so that there can be no duplications or similarities of these assigned names within Chatham County which could result in confusion and/or delay in the response to these roads, should an emergency exist in that location.

How does this relate to the Comprehensive Plan:

Budgetary Impact: The cost of road signage for these roads will be \$78.00 per sign. The maximum cost will be \$78.00. The cost of the signs is budgeted in the FY19-20 budget.

Recommendation: Vote on a request to approve the naming of one private road in Chatham County

AGREEMENT FOR SERVICES

THIS AGREEMENT FOR GOODS AND/OR SERVICES (this "Agreement"), made and entered into by and between Chatham County ("Customer"), and Waste Industries dba GFL Environmental ("Company").

WHEREAS, Company has agreed to provide services in a professional manner in accordance with the standards of Company's industry and as hereinafter set forth; and

WHEREAS, the Customer wishes to enter into an Agreement with Company to provide the services specified in Appendix 1, Scope of Work, attached hereto and incorporated herein by reference.

NOW THEREFORE, in consideration of the mutual agreements described below, the parties agree as follows:

1. Term of Agreement: The initial term of this Agreement will commence on **July 1, 2020** and shall end on or before **June 30, 2021**.
2. Scope of Service: The Company shall provide to the Customer the Services (the "Services") set forth in the "Scope of Work" attached hereto as Appendix 1, which is incorporated herein and made an integral part of the Agreement.
3. Compensation: The Customer shall pay a Disposal Fee of \$52.63 per ton, rate inclusive of all fees: the CPI Index All Urban Consumers will be added annually on the anniversary date of contract.
4. Insurance: Company shall maintain insurance policies at all times with minimum limits as follows:

<u>Worker's Compensation</u>	<u>Automobile Liability</u>	<u>General /Professional Liability</u>
Statutory Limits	\$250,000 bodily injury per person \$100,000 property damage	\$100,000 bodily injury per person \$500,000 bodily injury per occurrence \$100,000 property damage

All insurance policies shall be issued by companies authorized to do business under the laws of the State of North Carolina and shall be rated not less than "A" by A.M. Best and Company. Company shall furnish Certificates of Insurance to the Customer, naming the Customer as an additional insured, prior to the commencement of operations. The certificates shall clearly indicate that Company has obtained insurance of the type, amount, and classification as required for strict compliance with this paragraph and that no material change or cancellation of the insurance shall be effective without thirty (30) days prior written notice to the Customer. Compliance with the foregoing requirements shall not relieve Company from any liability or obligations under this Agreement.

5. Confidentiality: All proprietary data and information, if any, furnished to Company by the Customer shall be regarded as confidential, shall remain the sole property of the Customer and shall be held in confidence and safekeeping by Company for the sole use of the Customer and Company under the terms of this Agreement. Company agrees that its officers, employees and agents will not disclose to any person, firm or entity other than the Customer or its designated legal counsel, accountants or practice management consultants any information about the Customer. Company agrees to carry out its obligations to the Customer in compliance with all privacy and security regulations required by law.

6. Status of Parties: Nothing contained in this Agreement shall be construed as establishing a partnership or joint venture relationship between Company and the Customer. Company and its employees and representatives are independent contractors, solely responsible for its or their performance under this Agreement and shall have no legal authority to bind the Customer.

7. Assignment and Subcontracting: Neither this Agreement nor any rights or obligations hereunder shall be subcontracted, assigned, or delegated by Company without prior written consent of the Customer, which consent may be withheld in the Customer's sole discretion.

8. Binding Effect: This Agreement shall be binding upon the parties hereto, their heirs, administrators, executors, successors and assigns, if such assignment has been approved by the Customer.

9. Notices: Any notice or other communication required or permitted under this Agreement shall be in writing and shall be deemed to have been given on the date delivered personally or deposited in the United States Postal Service, certified mail, return receipt requested, with adequate postage affixed, addressed as follows:

Chatham County

Either party may change its address for notices under this Agreement by giving written notice of such change to the other party in accordance with the terms of this paragraph.

10. Governing Law: This Agreement and the rights and obligations to the parties hereunder shall be construed and governed by the laws of the State of North Carolina and venue for any proceedings arising hereunder shall be in the state court of appropriate jurisdiction located in Chatham County, North Carolina.

11. Modifications: This Agreement may be amended or modified by the mutual written consent of the parties. A modification is not enforceable against the Customer unless it is signed by the County Manager, Purchasing Agent, or other duly authorized official.

12. Entire Agreement: This Agreement contains the entire agreement between the parties pertaining to the subject matter of this Agreement. With respect to that subject matter, there are no promises, agreements, conditions, inducements, warranties or understandings, written or oral, expressed or implied, between the parties, other than as set forth or referenced in this Agreement.

13. Waiver: A waiver of any provision of this Agreement must be in writing, designated as such, and signed by the party against whom enforcement of the waiver is sought. The waiver of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent or other breach thereof.

14. Termination: This Agreement may be terminated as follows:

- (i) Cause: If the services provided by the Company under this Agreement are determined to be unsatisfactory or unacceptable, as determined by the County Manager, this Agreement may be terminated by the Customer for default. Grounds for termination for default shall include, but not be limited to:
 - (a) Failure to respond to all reasonable requests from the Customer to provide services covered by this Agreement.
 - (b) Failure to maintain equipment in accordance with the requirements of this Agreement and with all laws.

- (c) Lack of proper insurance as required under this Agreement.
- (d) Charging rates or fees in excess of those provided in this Agreement.
- (e) Inefficient, or unsafe practices in providing services.
- (f) Other actions which impact unfavorably on the faithful performance of this Agreement.

- (ii) Convenience: The Customer reserves the right to terminate this Agreement upon thirty (30) days written notice to Company for any reason deemed by the Customer to serve the public interest. This termination for convenience will not be made when termination is authorized under any other provisions of this Agreement. In the event of such termination the Customer shall pay the Company those costs directly attributable to services received by the Customer in compliance with the Agreement prior termination. Provided, however, that no costs will be paid to the Company which are recoverable in the Company's normal course of doing business. The Customer is not liable for loss of any profits anticipated to be made hereunder, nor for any special, consequential or similar damage.

15. Annual Appropriations and Funding: This Agreement is subject to the annual appropriation of funds by the Chatham County Board of Commissioners. Notwithstanding any provision herein to the contrary, in the event that funds are not appropriated for this Agreement, the Customer shall be entitled to immediately terminate this Agreement, without penalty or liability, except the payment for all Service satisfactorily provided under this Agreement up to and through the Company's receipt of notice of termination.

16. Indemnity: Contractor agrees to indemnify and hold harmless the County, its officers, agents, servants, and employees from any and all claims, actions, lawsuits, losses, damages, expenses, judgments, or liabilities of any kind whatsoever (including without limitation, cost of defense and attorney fees) suffered by the County and proximately caused by an act or omission of Contractor, its subcontractors, agents, or employees.

17. County Policy: The County opposes discrimination on the basis of race and sex and requires all of its contractors to provide a fair opportunity for minorities and women to participate in their work force and as subcontractors and vendors under County contracts.

18. State and Federal Requirements; County Terms and Conditions: By signing this Agreement Contractor certifies that (if applicable) Contractor, and any of Contractor's subcontractors are in compliance with State and Federal laws, including any divestment list by the NC State Treasurer, and Federal or State debarment or suspension lists. The County Terms and Conditions are incorporated herein made an integral part of this Agreement and may be found at the County's web site: <http://www.chathamnc.org/finance>. A hard copy of the Terms and Conditions is available upon request

19. Controlling Document: In the event of any conflict between this Agreement and any document, instrument, or other agreement prepared or provided by Contractor (including, without limitation, Contractor's purchase orders, invoices and warranties), the terms of this Agreement shall control.

IN WITNESS WHEREOF, the parties have executed this Agreement in their official capacities with legal authority to do so.

This instrument has been pre-audited in the manner required by the Local Government Budget and Fiscal Control Act.

SCOPE OF WORK

PROJECT NAME: Waste Disposal

FACILITY ADDRESS: 3290 McDonald Drive, Sanford NC 27330

Pricing:

- Disposal Fee: \$52.63 per ton– rate inclusive of all fees, CPI will be added annually on the anniversary date of contract – CPI Index All Urban Consumers

1. SERVICES: Subject to the terms and conditions contained herein, Company agrees to accept at the landfill or transfer station indicated above (the "Facility") Acceptable Waste (as defined below) delivered by Customer to the Facility. Customer shall collect, transport and deliver Acceptable Waste to the Facility in compliance with all Applicable Laws (as defined below). Company agrees to (a) operate the Facility in compliance with all Applicable Laws; and (b) provide equipment, material and personnel sufficient to accept Customers Acceptable Waste at the Facility.

2. ACCEPTABLE AND UNACCEPTABLE WASTE:

(a) "Acceptable waste" means all solid waste that is authorized to be disposed of at the Facility under then applicable federal, state and local laws, regulations, ordinances, rules, permits, licenses and governmental orders or directives (collectively "Applicable Laws"), including municipal solid waste and construction and demolition debris, and that is not Unacceptable Waste (as defined below).

(b) "Unacceptable Waste" means (i) any material that is not Acceptable Waste; (ii) any material that by reason of its composition, characteristics or quantity is defined as a "hazardous material", "hazardous waste," "hazardous substance," "extremely hazardous waste," "restricted hazardous waste," "toxic Substance," "toxic waste," "toxic pollutant," "contaminant," "pollutant," "infectious waste," "medical waste," "radioactive waste," or "sewage sludge" under any Applicable Law; (iii) any material that requires other than normal handling, storage, management, transfer or disposal; or (iv) any other material that is reasonably likely to present a substantial endangerment to public health or safety, is reasonably likely to cause applicable air quality or water effluent standards to be violated by the normal operation of the Facility, or because of its size, durability or composition cannot be disposed of at the Facility or has a reasonable possibility of otherwise adversely affecting the operation or useful life of the Facility.

3. TITLE TO WASTE: Customer represents and warrants to Company that Customer shall hold clear title, free of all liens, claims and encumbrances, to the waste delivered by Customer to the Facility. Title to, and risk of loss and responsibility for, Acceptable Waste delivered to the Facility by Customer shall pass at the time such Acceptable Waste is removed from the delivery vehicle at the Facility. Title to Unacceptable Waste shall remain with Customer and shall never be deemed to pass to Company.

4. DELIVERY & REJECTION OF UNACCEPTABLE WASTE: (a) Customer represents and warrants to Company that all waste material delivered by Customer to the Facility shall be Acceptable Waste, and Customer agrees that it shall not deliver any Unacceptable Waste to the Facility. If Customer delivers waste that contains both Acceptable Waste and Unacceptable Waste, the entire delivery shall constitute Unacceptable Waste if the Unacceptable

Waste cannot be separated from the Acceptable Waste through the reasonable efforts of Company, as Customer's agent to cause such separation, with the cost of such separation to be paid by Customer.

(b) Company shall weigh all waste at the Facility using scales that are in compliance with Applicable Laws and the weight so determined shall be final and conclusive on both Customer and Company. Company shall have the right, but not the obligation, to inspect any of Customer's trucks to determine whether the waste delivered is Acceptable Waste or Unacceptable Waste. Customer acknowledges and agrees that any failure by Company to perform any such inspection or to detect Unacceptable Waste despite such inspection shall in no way relieve Customer from its obligation to deliver only Acceptable Waste or from its other obligations under this Agreement.

(c) If Customer delivers Unacceptable Waste to the Facility, Company may, in its sole discretion: (i) reject such Unacceptable Waste at Customer's expense; or (ii) if Company does not discover such Unacceptable Waste in time to reject and reload such Unacceptable Waste, after giving Customer telephonic notice thereof and a reasonable opportunity to dispose of such Unacceptable Waste, Company may, as Customer's agent, dispose of such Unacceptable Waste at a location authorized to accept such Unacceptable Waste in accordance with all Applicable Laws and charge Customer all reasonable direct costs incurred due to the handling, delivery and disposal of such Unacceptable Waste, unless Customer otherwise elects to arrange for disposal of the Unacceptable Waste. If Customer elects to dispose of such Unacceptable Waste, it shall do so within such time period as Company reasonably deems necessary or appropriate in connection with the operation of the Facility, including the preservation of the health and safety of its employees. If after electing to do so, Customer does not dispose of the Unacceptable Waste within such time period, Company may dispose of such Unacceptable Waste as Customer's agent, without further notice to Customer, and Customer shall pay the reasonable direct costs set forth above. Notwithstanding the foregoing, no notice shall be required by Company to Customer for Company to dispose of Unacceptable Waste as Customer's agent in emergency situations where in Company's reasonable judgment a delay in such disposal could constitute a hazard to the Facility or any person on, about or near the premises.

5. FEES: (a) Customer shall pay Company the disposal fee set forth on the front page of this Appendix 1 (the "Disposal Fee") for all Acceptable Waste Customer delivers to the Facility. The Disposal Fee is inclusive of all other fees, taxes, or other charges in effect as of the date hereof.

(b) Company shall transmit an itemized invoice to Customer of all Disposal Fees on a 181 weekly or 0 monthly basis. Customer shall *pay* all invoices within 30 days after date of invoice. If Customer does not make payment by such date, Company may impose a late payment fee in an amount equal to the lesser of (i) 1.5% per month on the amount past due or (ii) the maximum amount allowed by Applicable Law. Customer also shall pay a fee of \$50 for each check submitted by Customer that is an insufficient funds check or is returned or dishonored. At any time after Company reasonably becomes concerned about Customer's creditworthiness or after Customer has made multiple late payments, Company *may* request, and if requested Customer shall *pay*, a deposit in an amount equal to one month's charges under this Agreement.

(c) The Disposal Fee is inclusive of all federal, state, local or other taxes, fees (including host fees), surcharges or similar charges related to the acceptance or disposal of Acceptable Waste or the operations or activities of the Facility that are imposed by law, ordinance, regulation, agreement with a governmental authority, governmental audit or otherwise. Company shall have the right to increase the Disposal Fee from time to time as a result of a change in Applicable Laws effected after the Effective Date which affects Company's disposal cost. Any such increase shall be effective 30 days following written notice by Company to Customer. Subject to Customer's approval, the Disposal Fee also may be adjusted for other reasons.

6. DEFAULT: (a) It shall be an event of default by either *party* if such party fails to perform any material term, covenant or agreement contained herein on its part to be performed (including payment of Disposal Fees and charges) and such failure continues for a period of 14 days after written notice to such party specifying the nature of such failure and requesting that it be remedied.

(b) Whenever any event of default shall have occurred and be continuing, the non-defaulting party shall have the following rights and remedies, which shall be in addition to *any* other remedies provided by Applicable Law or this Agreement: (i) upon the end of any applicable grace period in this Section 7, such party shall have the option to immediately terminate this Agreement unless during such period the defaulting party has taken remedial steps the effect of which would be to enable such party to cure such event of default within a reasonable period following the expiration of such grace period; and (ii) if Customer is then in default, Company shall have the option, without terminating this Agreement, to stop accepting Acceptable Waste delivered by Customer until such default is cured or this Agreement is terminated.

7. FORCE MAJEURE: Except for the Customer's obligations to make payments hereunder, neither *party* shall be in default for its failure to perform or delay in performance caused by events beyond its reasonable control, including, but not limited to strikes, riots, acts of terrorism, imposition of laws or governmental orders, fires, acts of God, inability to obtain equipment, changes to permits and regulations, and other restrictions (including land use) therein, and the affected party shall be excused from performance during the occurrence and continuation of such events, so long as such party takes reasonable and timely steps to mitigate or cure the force majeure event.

8. INDEMNITY: Each Party shall indemnify and hold that the other Party and its subsidiaries and affiliates, and their respective directors, officers, members, managers, agents and employees, harmless from and against *any* and all liabilities, losses, assessments, fines, penalties, forfeitures, damages, costs, expenses and disbursements, including reasonable legal fees, expert witness fees, litigation related expenses, and court costs in any litigation, investigation, proceeding or other matter (collectively, "Losses"), whether arising out of a claim or loss of, or damage to property or injury to or death of any person, caused by or arising out of a breach of this Agreement, the disposal of Unacceptable Waste in the Facility, or the transportation of Waste. This indemnification will apply regardless of whether such Losses result from or arise out of the joint or concurring negligence of Customer and Company.

9. MISCELLANEOUS: This Agreement shall be binding upon and inure solely to the benefit of the parties hereto and their permitted assigns. The indemnities contained herein will survive the termination of this Agreement. Signatures to this Agreement are valid whether original, copied, emailed or faxed, and this Agreement may be signed in counterparts, all of which will constitute one original. This Agreement will be binding on Customer whether signed by an authorized officer or an agent of Customer. Customer *may* not assign this Agreement or *any* of its rights or obligations hereunder without Company's prior written consent, which consent will not be unreasonably withheld. For purposes of this Agreement, assignment will include sale of more than 50% of Customer's voting securities, merger, or other assignment by operation of law. Any provision of this Agreement which is unenforceable under Applicable Law will be ineffective to the extent that it is prohibited or unenforceable without invalidating the remainder or any portion or provision of this Agreement. The parties hereto agree that this Agreement is made and entered into in the State of North Carolina and will be constructed and controlled under the laws of North Carolina. Company will not be deemed to have waived any of its rights or remedies unless the waiver is in Writing and signed by Company. This Agreement *may* not be waived, changed, discharged, or terminated orally or by any course of dealing between the parties, but only by an instrument in writing signed by the party against whom any waiver, change, discharge or termination is sought. This Agreement supersedes all prior and contemporaneous agreements between the parties with respect to all matters contained herein, and this Agreement constitutes the sole and entire agreement between the parties hereto with respect to the subject matter hereof.

Vote on a request granting Dan LaMontagne as County Manager the ability to sign the Guaranteed Maximum Price Exhibit A adding the cost of construction of the new Animal Services facility to Bordeaux Construction Company's existing Construction Manager contract.

Action Requested: Vote on a request granting Dan LaMontagne as County Manager the ability to sign the Guaranteed Maximum Price Exhibit adding the cost of construction of the new Animal Services facility to Bordeaux Construction Company's existing Construction Manager contract.

Introduction & Background: The design was completed and the Construction Manager bid the project and has assembled the pricing for the construction phase of the new Animal Shelter. The A133 Exhibit A is needed to add the construction cost to Bordeaux Construction Company's original Construction Manager contract. This request grants the County Manager's authority to sign up to, but not in excess of \$5,600,000.

Discussion & Analysis: Upon approval of the Exhibit, the Construction Manager will be able to begin construction with anticipated completion in mid-2021.

How does this relate to the Comprehensive Plan: Foster a healthy community - help the communities better handle, serve, and manage the animals in the County.

Budgetary Impact: This project has been accounted for within the approved County CIP plan.

Recommendation: Approve the request granting Dan LaMontagne as County Manager the ability to sign the Guaranteed Maximum Price Exhibit adding the cost of construction of the new Animal Services facility to Bordeaux Construction Company's existing Construction Manager contract.

ARTICLE A.1 GUARANTEED MAXIMUM PRICE

§ A.1.1 Guaranteed Maximum Price

Pursuant to Section 3.2.6 of the Agreement, the Owner and Construction Manager hereby amend the Agreement to establish a Guaranteed Maximum Price. As agreed by the Owner and Construction Manager, the Guaranteed Maximum Price is an amount that the Contract Sum shall not exceed. The Contract Sum consists of the Construction Manager's Fee plus the Cost of the Work, as that term is defined in Article 6 of the Agreement.

§ A.1.1.1 The Contract Sum is guaranteed by the Construction Manager not to exceed (\$), subject to additions and deductions by Change Order as provided in the Contract Documents.

§ A.1.1.2 **Itemized Statement of the Guaranteed Maximum Price.** Provided below is an itemized statement of the Guaranteed Maximum Price organized by trade categories, including allowances; the Construction Manager's contingency; alternates; the Construction Manager's Fee; and other items that comprise the Guaranteed Maximum Price as defined in Section 3.2.1 of the Agreement.

(Provide itemized statement below or reference an attachment.)

Attachment A

§ A.1.1.3 The Construction Manager's Fee is set forth in Section 6.1.2 of the Agreement.

§ A.1.1.4 The method of adjustment of the Construction Manager's Fee for changes in the Work is set forth in Section 6.1.3 of the Agreement.

§ A.1.1.5 **Alternates**

§ A.1.1.5.1 Alternates, if any, included in the Guaranteed Maximum Price:

Item	Price

Date: April 24, 2020

Attached is the 2020 renewal amendment for your (ASA) Administrative Services Agreement with Blue Cross NC. Below is a brief overview of the changes Blue Cross NC is proposing to the ASA for this Agreement Period.

1. Amendment re: Compensation to Blue Cross NC. The Agreement is being amended by updating this section to address pharmacy medical benefit rebates and outcomes-based rebates paid under the medical plan.
2. Amendment re: Notices. This provision will be updated at each renewal to ensure we have the most current contact information.
3. Administrative Fees Exhibit. The new exhibit reflects the current renewal rates as well as any other changes to this exhibit.
4. Pharmacy Program Exhibit. This exhibit is being updated to clarify the terms of the Pharmacy Program.

If you have any questions concerning the amendments listed above or to the content in the amendment, please contact your Blue Cross NC Client Manager or Blue Cross NC ASO Contract Management via jane.park@bcbsnc.com for assistance.

Thank you.

AMENDMENT TO ADMINISTRATIVE SERVICES AGREEMENT

This AMENDMENT TO ADMINISTRATIVE SERVICES AGREEMENT (“Amendment”) is made and entered July 1, 2020, by and between County of Chatham (“Plan Sponsor”), County of Chatham Group Health Plan (“Group Health Plan”) and County of Chatham (“Plan Administrator”) and Blue Cross NC (each, a “Party” and collectively, the “Parties”).

WITNESSETH:

WHEREAS, the Parties previously entered into an Administrative Services Agreement (the “Agreement”) pursuant to which Blue Cross NC provides certain services with respect to administration of the Group Health Plan;

WHEREAS, the Parties desire to amend the Agreement regarding certain matters as provided for herein;

NOW THEREFORE, in consideration of the mutual promises and covenants made herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties do hereby agree to amend and renew the Agreement effective July 1, 2020 as follows:

1. This Agreement shall be amended by deleting Section 10.6 (Medical Plan Prescription Rebates) in its entirety and replacing it with the following::

10.6 Medical Plan Prescription Rebates. Medical benefit rebate allocations to Group Health Plan will be made based on actual prescription drug rebates generated for each Group Health Plan medical claim. Blue Cross NC will pass through to the Plan Sponsor rebates received on prescription drugs paid under the Group Health Plan’s medical benefit, minus an administrative charge. The administrative charge shall not exceed the lesser of 25% of rebate earned on the drug or 4.5% of the wholesale acquisition cost. Notwithstanding the foregoing, Blue Cross NC shall retain all outcomes-based or value-based rebates paid on prescription drugs provided under the medical benefit. Outcomes or Value-Based Rebates means a rebate paid by the pharmaceutical manufacturer based on the performance or efficacy of the drug or treatment or if the patient(s) achieve or fail to achieve a stated clinical benchmark.

2. Section 18.11 (Notices) shall be deleted in its entirety and replaced with the following:

- 18.11 Notices. Any notices required to be given pursuant to the terms and provisions of this Agreement, or any Business Associate Agreement herein incorporated by reference, shall be in writing, postage prepaid, and shall be sent by first class mail or electronic mail to the Parties at the addresses below. The notices shall be effective on the date indicated on the return receipt or, if emailed, on the date the email is sent.

EXHIBIT A

ADMINISTRATIVE FEES

In accordance with the specific rate information contained in the medical rate page(s) and, if applicable the dental rate page(s), herein incorporated by reference, and Article 10 of the Agreement, the Plan Sponsor shall pay or cause to be paid to Blue Cross NC fees for administrative services provided to the Group Health Plan during the term of this Agreement as follows:

A. MONTHLY ADMINISTRATIVE CHARGE

1. Medical Benefits

For the Agreement Period, the monthly Administrative Fee will be:

\$ 20.00 per health contract per month.

The above monthly Administrative Fee includes:

- Charges for services related to claims and appeals processing services as described in the Agreement.
- The administrative expense allowances associated with Inter-Plan Programs as described in Exhibit E.
- The cost of the following additional programs or services provided by BCBSNC to the Group Health Plan:
 - Claims Fiduciary Services

B. INTER-PLAN ACCESS FEES

Access fees related to the BlueCard Program, as described in **Exhibit E** (Inter-Plan Programs Arrangement), are processed in the following manner:

- Access fees are billed to the Plan Sponsor, Plan Administrator, and/or Group Health Plan separately. The calculation to determine these fees is described in Exhibit E, and shall not exceed \$2,000 per claim.

C. RUN-OUT SERVICES ADMINISTRATIVE FEES

In accordance with the Run-Out Services provision in Article 17 of the Agreement, Plan Sponsor shall pay or cause to be paid to BCBSNC Administrative Fees for run-out services following the termination of this Agreement as follows:

BCBSNC shall continue for a period of 12 months to administer all claims that were incurred prior to the effective date of the termination in accordance with the Run-Out

Services provision in Article 17. BCBSNC shall charge a claim processing fee for this twelve month run-out period equal to the sum of the last three (3) months of the Monthly Administrative Charge prior to the termination of this Agreement. Fifty percent (50%) of the claim processing fee shall be due upon the termination of the Agreement, and the remaining fifty percent (50%) shall be due half-way through the period during which the run-out services are being provided.

In addition, the Security Amount that Plan Sponsor is required to maintain shall be refunded after three months of the run-out period provided there have been no delinquency in the funding of the Claims Expense.

Except as specifically stated herein, Plan Sponsor shall pay BCBSNC for run-out services according to the method of payment described in Exhibit C.

D. ADDITIONAL ADMINISTRATIVE SERVICES

For the Agreement Period, the Administrative Fees for Additional Administrative Services will be as follows:

(1) Health Management Programs:

- a. Healthy Outcomes Health Assessment. The health assessment tool, referenced in the Healthy Outcomes Program provision in Article 5, will be available as paper surveys upon request. There will be additional fees for processing of paper health assessments. Plan Sponsor will be responsible for the printing and distributing of paper copies. The fees are listed on the Program Selection Chart herein incorporated by reference.
- b. Custom Reporting. Plan Administrator may request custom reporting for an additional fee as mutually agreed upon by Blue Cross NC and Plan Administrator or Plan Sponsor.

(2) External Review. The External Review Process provision, referenced in Article 7, provides a selection of services related to adverse benefit determinations. Current fees and expenses for those services are listed on the External Review Process Price List which is incorporated by reference and available upon request.

(3) Pharmacy Program: Utilization Management- Blue Cross NC agrees to perform Drug Utilization Review services as described in **Exhibit G** (Pharmacy Program). This includes review for benefit denials. The Fee for these services will be forty dollars (\$40.00) per review.

(4) Routine Vision Care: If the Plan elects to utilize Blue Cross NC routine vision care services, a network access fee will be billed in addition to the allowed amount. This network access fee related to routine eye care services shall be no more than 27% of the vision claim's allowed amount. This network access fee will be billed to the Plan

Sponsor, Plan Administrator and/or Group Health Plan separately from the routine vision care medical expense, but will be included in the monthly Statement of Account.

DRAFT

EXHIBIT G

PHARMACY PROGRAM

1. DEFINITIONS

Whenever used in this exhibit, the following definitions apply:

- 1.1 “A Rated Generics” means drugs designated by the FDA to have a therapeutically equivalent (A rated) generic equivalent.
- 1.2 “Average Wholesale Price” (AWP) means the average wholesale price of a covered prescription drug as set forth in the Blue Cross NC price file at the time a Claim is processed. The AWP that will be applied for prescriptions filled by a Participating Pharmacy will be based on the date dispensed and the 11-digit NDC for the product. The AWP that will be applied for prescriptions filled by the Mail Service Pharmacy or Specialty Pharmacy will be based on the date dispensed and the appropriate NDC for the product dispensed. The price file will be updated no less frequently than once every three (3) business days through Medi-Span or such other Pricing Source as designated by Blue Cross NC.
- 1.3 "Brand Drugs" means those pharmaceuticals designated by the Pricing Source as having a multi-source indicator of M, N or O, or as otherwise defined by Pricing Source
- 1.4 "Claim" means a request for payment submitted by Network Participants or Members for prescription drugs or services. A claim does not include reversals or rejects. A claim does not include an initial claim that was eventually reversed or rejected.
- 1.5 "Claim Adjudication" or "Adjudication" means the process which Blue Cross NC uses to apply the criteria and parameters of the Group Health Plan to determine eligibility for coverage of pharmacy benefit management services, perform concurrent (on-line at point of service) Drug Utilization Reviews and determine drug pricing reimbursement amounts.
- 1.6 "Claims Adjudication System" means an electronic Claims processing system providing for the Adjudication of Claims.
- 1.7 "Coinsurance" means that portion of the amount claimed for Covered Prescription Drug Services, calculated as a percentage of the charge for such services, which is to be paid by Members pursuant to the Group Health Plan. Members will pay the lowest of: (i) eligible charge (discounted AWP + dispensing fee + applicable tax or MAC + dispensing fee + applicable tax); (ii) U&C; and (iii) applicable co-payment.
- 1.8 "Compound Drug" means a prescription where two or more medications are mixed together, and which, at a minimum, one medication must be a Federal Legend Drug. The

end product must not be available in an equivalent commercial form. The product will not be considered a Compound Drug if it is reconstituted or if, to the active ingredient, only water, alcohol, flavoring, coloring or sodium chloride solutions are added.

- 1.9 "Copayment/Deductible" means a fixed dollar portion of the amount claimed for Covered Prescription Drug Services that is to be paid by Members pursuant to the Group Health Plan. Members will pay the lowest of: (i) eligible charge (discounted AWP + dispensing fee + applicable tax or MAC + dispensing fee + applicable tax); (ii) U&C; and (iii) applicable co-payment.
- 1.10 "Covered Prescription Drug Services" means the pharmacy services and/or pharmaceuticals available to Members and eligible for reimbursement pursuant to the Group Health Plan.
- 1.11 "Dispensing Fee" means the fee paid to Network Participants for the professional service of filling a prescription and is typically added to the AWP or MAC calculated cost.
- 1.12 "Drug Utilization Review" or "DUR" means the process whereby the therapeutic effects and cost effectiveness of various drug therapies are reviewed, monitored and acted upon consistent with the Group Health Plan.
- 1.13 "Electronic Prescribing" or "E-prescribing" means the process of creating, storing and transmitting prescription information electronically, either by computer or hand-held device.
- 1.14 "Eligible Prescription Drug Claim" is any electronically or manually adjudicated Claim payable under the prescription drug benefit for a prescription drug that is covered within established benefit limits for a Member.
- Eligible Prescription Drug Claims may exclude certain specialty medications, medications that have A Rated Generics, OTC medications, vaccines, or any paid claims where coverage is subsequently denied or claims filed on behalf of persons who do not have coverage at the time the prescription drug is filled.
- 1.15 "Extended Supply Network" or "ESN" means the retail Network Participants who have agreed to provide Members more than a one-month's (or as mutually agreed) quantity supply of Covered Prescription Drug Services provided that the Group Health Plan has a mail service benefit and a retail quantity days supply limit of three months.
- 1.16 "Federal Legend Drug" means a drug, which is required by law to bear on its packaging, "Caution: Federal law prohibits dispensing without a prescription" or "Rx Only".
- 1.17 "Foreign Drug Claims" means Claims submitted through the Paper Claim process for reimbursement of drugs purchased outside of the United States.

- 1.18 "Formulary" means a list of various pharmaceutical products which is available to Network Participants, Members, physicians or other health care providers for purposes of providing information about the coverage and tier status of Covered Prescription Drug Services.
- 1.19 "Generic Drugs" means all drugs that are not defined as "Brand Drugs".
- 1.20 "Mail Service Pharmacy" means the services through which Members may receive prescription drugs through the mail from AllianceRx Walgreens Prime Mail, the home delivery pharmacy service of Prime Therapeutics LLC.
- 1.21 "Manufacturer" means a company that manufactures and/or distributes pharmaceutical drug products.
- 1.22 "Maximum Allowable Cost" or "MAC" means the highest drug cost at which Plan Sponsor will reimburse the Network Participant or Member for a specific drug.
- 1.23 "Maximum Allowable Cost List(s)", "MAC List(s)", or "Blue Cross NC's MAC List(s)" means the proprietary database listing(s), owned and maintained by Blue Cross NC or its designee, of multi-source pharmaceutical drug products and supplies and the corresponding MAC. A separate MAC List may be maintained for the Mail Service Pharmacy.
- 1.24 "Network" or "Pharmacy Network" means the group of pharmacies that have been accepted as Network Participants and have entered into agreements with Blue Cross NC or its designee to provide Covered Prescription Drug Services to Members.
- 1.25 "Network Contract" means a contract between a Network Participant and Blue Cross NC or its designee to provide Covered Prescription Drug Services to Members, as may be amended from time to time.
- 1.26 "Network Participant" or "Participating Pharmacy" means each individual pharmacy, chain or other dispensing provider that has entered into a Network Contract with Blue Cross NC or its designee to provide Covered Prescription Drug Services to Members.
- 1.27 "Open Refill Transfer File" means a data file created by the Group Health Plan's previous pharmacy benefit manager containing its Members' mail prescriptions, thus enabling a subsequent pharmacy benefit manager, such as Blue Cross NC or its designee, to continue to fill those open mail prescriptions.
- 1.28 "Over-the-Counter Drugs" or "OTC Drugs" are products classified as OTC by Medi-Span as of the fill date based on the NDC-11 dispensed. OTCs are subject to cost share based on Brand or Generic drug designation.
- 1.29 "Paper Claims" means prescription drug services that are submitted to Blue Cross NC for adjudication through the use of a paper claim form, generally by a Member subsequent to the point of sale.

- 1.30 "Pharmacy Operations Manual" means the document to be distributed to Network Participants which describes the administrative policies and procedures of the Claims Adjudication System. The Pharmacy Operations Manual details the method for submitting Claims from the Network Participant to the Claims Adjudication System and procedures for the resolution of Claims rejected by the Claims Adjudication System.
- 1.31 "Pricing Source" means Medi-Span, or such other national drug database as Blue Cross NC may solely designate, which establishes and provides updates to Blue Cross NC no less frequently than once every three (3) days, or as otherwise required by law, regarding the AWP or other alternative pricing benchmark as determined by Blue Cross NC for Covered Prescription Drug Services.
- 1.32 "Provider Tax" means any tax on a Covered Prescription Drug Service and other services taxable in the jurisdiction required to be collected or paid by a retail or mail seller for a Covered Prescription Drug Service or the provider of the services.
- 1.33 "Specialty Pharmacy" means a designated pharmacy provider that provides Specialty Pharmacy Products.
- 1.34 "Specialty Pharmacy Product(s)" means a pharmaceutical that may be administered orally, by injection or by infusion; may be subject to limited availability or special handling, utilization management, AWP greater than six-hundred dollars, distribution or purchase arrangements from the Manufacturer; may require more support or patient educational services than commonly required for drugs obtained from retail pharmacies; or may be covered under either a medical or pharmacy Group Health Plan.
- 1.35 "Usual and Customary" or "U&C" means the lowest price, including any Dispensing Fee a Network Participant would charge a particular customer if such customer were paying cash for the identical prescription drug service on the date dispensed. This includes any applicable discounts including but not limited to senior discounts, frequent shopper discounts, and other special discounts offered to attract customers.
- 1.36 "Utilization Management" or "UM" means a broad collection of standard clinical products and services that are designed to encourage proper drug utilization in order to enhance Member outcomes while managing drug benefit costs for Plan Sponsor. Such services include, but are not limited to the following, Formulary exception, prior authorization, step therapy, quantity limits, restricted access, and retrospective DUR.

2. GENERAL SERVICES

- 2.1 **Plan Administrator Management Services.** Blue Cross NC will provide certain account management services as set forth herein.
- 2.1.1 Account Management Team. Blue Cross NC will designate a team of employees or other personnel that will provide account management and clinical services to

the Group Health Plan. Such Blue Cross NC employees or other personnel may be allowed to work on other projects as time permits. The account management team will include at least these members:

- Blue Cross NC Client Manager
- Prime Account Executive
- Implementation project manager

2.1.2 Account Management. Blue Cross NC agrees to provide account services to support the overall effectiveness of the services provided under this Exhibit, and promote the integration of such services with operations. The account team will facilitate and plan routine meetings with Plan Administrator to provide updates on program performance, present benefit consultations, and consult on operational improvements. Benefit design consultation and analysis may consist of analysis of different benefit designs, the financial impact of Copayment differentials, Pharmacy Network options, shifts in utilization patterns, generic savings opportunities, and Formulary options. The account team will also present new Blue Cross NC products and services to Plan Administrator, to support meeting their pharmacy program objectives. Other activities may include some or all of the following:

- (a) Research and propose solutions to Claims, eligibility, provider, and Member service issues;
- (b) Collaboration with Plan Administrator on an annual strategic plan and supporting work plans to coordinate the activity;
- (c) Attend quarterly face-to-face meetings with Plan Administrator;
- (d) Provide and interpret pharmacy reports, quarterly performance reports and semi-annual program updates. Conduct financial analysis of Blue Cross NC sponsored programs and products at the Group Health Plan level; and
- (e) Plan and coordinate implementation meetings for Blue Cross NC programs and services.

2.2 **Claims Processing Information Management**

2.2.1 Group Health Plan Information Management. Blue Cross NC or its designee will enter Group Health Plan and Pharmacy Network information as soon as practicable after receiving such information from Plan Administrator but agrees that it will enter such standard data no later than ninety (90) days after receiving the data from Plan Administrator. If Plan Administrator requests Blue Cross NC to enter such data sooner than ninety (90) days, the Parties will mutually agree on the time frame and any potential increased costs associated with such activities.

- 2.2.2 Adjudication of Claims. Blue Cross NC or its designee will adjudicate Claims for Covered Prescription Drug Services electronically submitted by Network Participants through the Claims Adjudication System or manually submitted by a Member as a Paper Claim, according to the Group Health Plan, Member eligibility, and other information submitted by the Plan Administrator. In adjudicating claims, Blue Cross NC will rely on the information provided to it by the Plan Administrator and will not be responsible for inaccuracies in the information. Adjudication will include eligibility and coverage determination under the Group Health Plan, including the calculation of allowable costs and applicable Copayment/Deductible, or Coinsurance, payment of eligible claims, and notification of declined or ineligible Claims.
- 2.2.3 NDC File. Blue Cross NC or its designee will maintain a National Drug Code (NDC) File for prescription drugs and required elements for each NDC. Blue Cross NC or its designee will update the NDC File no less frequently than monthly with information provided by Pricing Source. The NDC file is provided for internal data purposes only and may not be used for pricing purposes.
- 2.3 **Web-based Tools, Products and Services.** Blue Cross NC or its designee shall offer several web-based products and services to Plan Administrator. Products range from communicating drug news and pipeline information, to an interactive, user-friendly Web site designed for Members.
- 2.4 **Contact Center Services**
- 2.4.1 Member Contact Center. Blue Cross NC or its designee will make available a toll-free customer service line for use by Members.
- 2.4.2 The Mail Service Pharmacy Contact Center. Blue Cross NC or its designee will make available a toll-free customer service line for use by Members utilizing the Mail Service Pharmacy.
- 2.4.3 Pharmacy Locator. Blue Cross NC or its designee will provide a means, either toll-free telephone line and/or electronic, for Members to contact to identify Network Participants in a particular area. The toll-free telephone line will be available during Pharmacy Help Desk hours.
- 2.4.4 Pharmacy Help Desk Service. Blue Cross NC or its designee will provide help desk service for pharmacist Claim inquiries twenty-four (24) hours a day, seven (7) days a week. This help desk service will also handle calls from Network Participants in the event they have questions concerning reconciliation reports provided to them for purposes of pharmacy payments.
- 2.5 **Clinical Services**

2.5.1 Formulary Management.

2.5.1.1 Blue Cross NC will provide Formulary clinical services in accordance with NCQA standards and all applicable state and federal laws.

2.5.1.2 Blue Cross NC will provide Formulary management services and will update the Formulary in a timely manner.

2.5.1.3 Blue Cross NC will coordinate Pharmacy & Therapeutics (P&T) Committee meetings at least quarterly and include developing agenda, therapeutic class reviews, drug monographs and quarterly updates of Formulary publications available on Blue Cross NC's website.

2.5.2 Utilization Management. Blue Cross NC will provide cost containment programs in the form of Utilization Management programs on behalf Plan Sponsor and such services will be subject to additional fees as described in Exhibit A.

2.6 **E-Prescribing.** Blue Cross NC or its designee will support e-Prescribing transaction standards for eligibility, formulary, and medication history to allow prescribers to electronically send Members' prescriptions directly to a Network Participant from the point-of-care.

2.7 **Special Projects.** Special Projects may be mutually agreed to by the parties and described in an amendment to this Agreement as applicable, including any additional fees.

2.8 **Cooperation upon Termination.** Should Plan Sponsor terminate this Agreement, Blue Cross NC will provide all standard industry PBM transition/data files that will be used by the new PBM to minimize member disruption, including full historical NCPDP claims files, prior authorization files, accumulator files, mail open refill files, both pre and post termination date. Blue Cross NC reserves the right to charge a reasonable fee for these files.

2.9 **Access to Information.** Subject to the limitations in Article 15, if Plan Administrator needs pharmacy claims information from Blue Cross NC for audit or to conduct health care operations, Blue Cross NC shall give Plan Administrator access to that information if allowed by law, upon the completion of a data use agreement. Blue Cross NC reserves the right to restrict the provision of certain information it deems confidential, proprietary or a trade secret.

3. PHARMACY NETWORK SERVICES

3.1 **Network Utilization and Pricing.** Blue Cross NC or its designee will provide and maintain Pharmacy Network(s) to provide Covered Prescription Drug Services to Members. For the Pharmacy Network selected, the rates are described in Section 3.5 of this

exhibit. In the event Plan Administrator elects to have Blue Cross NC maintain or administer additional Networks, the rates will be subject to change.

- 3.2 **Network Establishment and Maintenance.** Through the chosen Pharmacy Network(s), Members will have access to certain Network Participants that have (a) executed a Network Contract as required by Blue Cross NC or its designee (as amended from time to time), and (b) have agreed to provide Covered Prescription Drug Services to Members in accordance with a pharmacy reimbursement schedule and the terms of the Network Contract. Blue Cross NC or its designee will maintain Network Contracts with an adequate number of Network Participants in the various geographical areas where Members reside and will comply with all applicable regulatory access requirements. Blue Cross NC or its designee will furnish each Network Participant with Group Health Plan information in such a format and media as Blue Cross NC deems appropriate for the purpose of assisting such Network Participants in providing Covered Prescription Drug Services to Members. Blue Cross NC reserves the right to periodically change Network Participants in order to maintain satisfactory compliance with Blue Cross NC's policies on pricing, quality, and operations.
- 3.3 **Network Contracts.** Blue Cross NC will comply, or will require its designee to comply, with all laws applicable to pharmacy network contracts, including applicable state regulatory or other governmental agencies' filings if necessary (including, but not limited to, filings regarding all Network Participant terminations).
- 3.4 **Blue Cross NC Maximum Allowable Cost List.** Network Pharmacies will be required to accept Blue Cross NC's MAC List(s) for Members.
- 3.5 **Drug Pricing.** Plan Sponsor will be invoiced for pharmacy claims using Schedule A that provides an average annual effective rate for each level of discount (specialty, brand, generic, mail, retail, and each type of network) of Average Wholesale Price (AWP) minus the percentage indicated in Schedule A for each level of discount ("Contract Price"). Blue Cross NC uses the Pricing Source for AWP. This Contract Price is the rate that includes all medications included in each level of discount, mail service brand and mail service generic prescriptions, as well as retail brand and retail generic prescriptions (excluding specialty pharmacy and compound prescriptions). Specialty Pharmacy Pricing is described under Section 5.2.3.

See Schedule A for pricing terms and conditions. Schedule A will be the underwriting terms and conditions and will be included as an exhibit to the pharmacy exhibit.

Mail service drugs dispensed under the Pharmacy Program will be provided by Prime Therapeutics, LLC., a company in which Blue Cross NC has an ownership interest. Although the Contract Price may be more or less than the amounts Blue Cross NC is required to pay to Participating Pharmacies for the Plan's drugs, Plan Sponsor shall pay only the Contract Price.

- 3.6 **Pharmacy Network Audit Services.** Blue Cross NC or its designee will perform pharmacy Claims audits to promote Network Participants' compliance with contractual obligations and applicable laws. Blue Cross NC or its designee will perform its pharmacy

Claims audits pursuant to the authority granted to Blue Cross NC or its designee in the applicable Network Contracts. Such audits may include:

3.6.1 Daily Claims Review. Blue Cross NC or its designee will conduct manual review of selected questionable Claims by Network Participant from a population of Claims that meet or exceed a defined dollar threshold. Blue Cross NC or its designee will contact Network Participant and instruct pharmacist to reverse and reprocess the applicable Claim using accurate Claim information, when appropriate.

3.6.2 Desktop Audits. Blue Cross NC or its designee will perform desktop audits of Network Participants identified through the pharmacy audit profile, upon request, through Blue Cross NC's compliance hotline, or as otherwise identified by Blue Cross NC. Blue Cross NC or its designee will review and verify up to twelve (12) months of Claims by Network Participant and will contact Network Participant through correspondence to address questionable Claims issues. Blue Cross NC or its designee will request a copy of prescription to verify accuracy, when appropriate.

In certain cases, inaccurate Claims will result in a chargeback to the Network Participant. During each calendar year, Blue Cross NC or its designee will perform the number of desktop audits that equals nine percent (9%) of Network Pharmacies. If additional audits are needed, the volume and associated fees will be mutually agreed upon in advance.

3.6.3 On-Site Audits. Blue Cross NC or its designee will perform on-site audits of Network Participants identified through the pharmacy audit profile, upon request, through Blue Cross NC's compliance hotline, or as otherwise identified by Blue Cross NC. Blue Cross NC or its designee will review and verify up to twenty-four (24) months of Claims at the Network Participant's location. Blue Cross NC or its designee will also verify Network Participant is in compliance with the Network Contract and the Pharmacy Operations Manual. In certain cases, inaccurate Claims will result in a chargeback to the Network Participant. During each calendar year, Blue Cross NC or its designee will perform the number of on-site audits that equals five percent (5%) of Network Pharmacies. If additional audits are needed the volume and associated fees will be mutually agreed upon in advance.

3.7 **Network Participant Interface and Payments**

3.7.1 Claims Submission. Network Participants will be required to submit Claims for Covered Prescription Drug Services to Blue Cross NC or its designee in accordance with the procedures detailed in the National Council of Prescription Drug Programs (NCPDP) Online Claims Submission Telecommunication Standard.

- 3.7.2 Claims Quality. Blue Cross NC or its designee will perform online edits of the information contained in the Claims based upon the provisions and guidelines of the applicable Group Health Plan. Missing, illegible or erroneous information will cause such Claims to be rejected and the Network Participant will be notified online according to the NCPDP standards for communicating such rejections. All rejected Claims must be resubmitted in their entirety.
- 3.7.3 Payment Methodology/Network Participant Reimbursement Calculation. Blue Cross NC or its designee will pay Claims consistent with the applicable Benefit Booklet. Reimbursement to the Network Participant will be based upon the agreed-upon pricing contained in the Network Contract with the Network Participant on the date the prescription transaction is processed, referred to as the Allowed Amount. The negotiated amount, or Allowed amount for Participating Pharmacies, will be: any provider or sales taxes, where applicable; plus the lesser of: (i) U&C; or (ii) the Pharmacy Network submitted cost plus the contracted Dispensing Fee; or (iii) the sum of the MAC or AWP less the contracted discount percentage plus the contracted Dispensing Fee.
- 3.7.4 Material Change to AWP. If after the Effective Date: (i) material changes to the formula, methodology or manner in which AWP is calculated or reported by the Pricing Source take effect or (ii) the Pricing Source ceases to publish AWP for the Covered Prescription Drug Services under this Agreement, then the financial terms of this Agreement shall be automatically adjusted at the time of such change to return the Parties to their commercially reasonable respective economic positions as they existed under the Agreement prior to such change. If the event described in item (ii) above occurs, the AWP pricing under this Agreement shall immediately and automatically be converted to an alternative comparable pricing benchmark.
- 3.7.5 Provider Taxes. Blue Cross NC will bill Plan Sponsor and Plan Sponsor will pay Blue Cross NC for any federal, state or local Provider Taxes payable with respect to any sales of Covered Prescription Drug Services to a Member, and will remit to Network Participant any such taxes collected from Plan Sponsor. Network Participant is required to submit a request for tax payment at the time of an on-line claim submission. Network Participant will remit any such Provider Taxes to the appropriate taxing authority. Network Participant will be solely responsible for any other taxes or surcharges associated with its performance under the Network Contract.

4. REBATE MANAGEMENT SERVICES

4.1 Negotiating Rebates.

On its own behalf, Blue Cross NC or its designee have entered into, and may in the future, enter into arrangements with companies under which a portion of prescription drug charges are rebated. Pharmaceutical Rebates may be associated with drug claims processed under

the Group Health Plan's pharmacy or, if applicable, medical benefit. These rebate amounts vary, and may change during the year, based upon the status of a drug in Blue Cross NC's prescription drug formulary, drug utilization, benefit coverage, unexpected Generic launches, and other factors. Plan Sponsor retains sole and complete control to (i) select and change the Formularies for its Plan, and (ii) determine and amend all benefit structures and terms under its Group Health Plan.

In addition, pharmacy management vendors may receive administrative reimbursement or fees directly from Blue Cross NC or drug or other companies for services they provide to Blue Cross NC and those companies. As compensation for costs and services provided in connection with pharmacy benefit management and other services provided under this Agreement, Blue Cross NC will retain 100% of the rebates it receives from its pharmacy management vendor(s) related to Group Health Plan's prescription drug utilization.

On an annual basis, after Blue Cross NC has received rebate payment and a reconciliation report from the pharmacy management vendor(s), Blue Cross NC will calculate upon request the "Average Rebate" amount, and make this information available to the Group Health Plan. The Average Rebate will be calculated taking the average of the rebate amount received per Eligible Prescription Drug Claim based on the aggregate of such amounts received by Blue Cross NC from pharmacy management vendor(s) for Blue Cross NC administered ASO health plans participating in such arrangements and for Blue Cross NC insured business.

For the purpose of ERISA reporting, Blue Cross NC's compensation received under this section shall be calculated as the average rebate per Eligible Prescription Drug Claim (determined as described in the above paragraph) multiplied by the number of Eligible Prescription Drug Claims.

5 PHARMACY SERVICES

5.1 Mail Service Pharmacy Services.

5.1.1 Mail Service Pharmacy Pricing Terms. Plan Sponsor will pay Blue Cross NC for Covered Prescription Drug Services dispensed by the Mail Service Pharmacy in an amount equal to the contracted rate for each Covered Prescription Drug Service dispensed as specified in Schedule A, less the applicable Copayment/Deductible or Coinsurance amount. The applicable AWP will be based on the package size dispensed and the appropriate NDC.

5.1.2 Mail Service Pharmacy Covered Prescription Drug Services. The Mail Service Pharmacy will provide medications under the following guidelines:

- (a) The Covered Prescription Drug Services and days' supply limitation will be as set forth in the applicable Benefit Booklet.

- (b) Based upon the prescription and Applicable Law, the Mail Service Pharmacy will provide a quantity of Covered Prescription Drug Services consistent with the Member's Benefit Booklet, subject to the quantity limitations written by the prescriber on the prescription, professional judgment of the dispensing pharmacist, limitations imposed on controlled substances and Manufacturer's recommendations. Prescriptions may be refilled providing the prescription so states. Prescriptions will not be filled (1) more than twelve (12) months after issuance, (2) more than six (6) months after issuance for controlled drug substances, or (3) if prohibited by Applicable Law.

5.1.3 Mail Service Pharmacy Dispensing Procedures.

- (a) The Mail Service Pharmacy shall dispense Covered Prescription Drug Services to Members, and dispense Generic Drugs when authorized, in accordance with (1) Applicable Law, and (2) the terms of this Agreement.
- (b) All matters pertaining to the dispensing of Covered Prescription Drug Services or the practice of pharmacy in general are subject to the professional judgment of the dispensing pharmacist.
- (c) Any drug which cannot be dispensed in accordance with the Mail Service Pharmacy's reasonable dispensing protocols, which requires special record-keeping procedures, or which requires special handling, may not be dispensed by the Mail Service Pharmacy, provided that the Mail Service Pharmacy provides Members with reasonably prompt notice of any such drug.
- (d) If it becomes impracticable, for reasons of force majeure or otherwise, for the Mail Service Pharmacy to dispense prescriptions to Members under the Mail Service Pharmacy Service, the Mail Service Pharmacy shall use reasonable efforts to have prescriptions dispensed from an alternative Network Participant, subject to Applicable Law.

5.1.4 Mail Service Pharmacy Postage, Mailing, and Shipping. The Mail Service Pharmacy will be solely responsible for all standard postage, mailing and shipping expenses of Covered Prescription Drug Services provided to Members pursuant to this Agreement, except in the instance when a Member requests expedited shipping, in which case the expedited shipping expenses shall be the sole responsibility of the Member. The Mail Service Pharmacy shall have discretion to waive the expedited shipping fee, but it shall remain responsible for the postage.

5.1.5 Mail Service Pharmacy Complaint Procedures. The Mail Service Pharmacy shall make commercially reasonable efforts to resolve oral or written complaints in an informal process and to keep written records of events and actions surrounding each complaint that is not resolved to the Member's satisfaction, as much as is practicable.

5.2 **Specialty Pharmacy Services.** The following provisions apply only to services provided through the Specialty Pharmacy.

5.2.1 Specialty Pharmacy Services.

- (a) Blue Cross NC or its designee will use Member enrollment and benefit coverage information provided by Plan Administrator to determine Member eligibility and benefit coverage at the time of dispensing.
- (b) The Specialty Pharmacy will collect from each Member their applicable Copayment/Deductible and/or Coinsurance fee for each prescription or refill in accordance with the Benefit Booklet.
- (c) The Specialty Pharmacy may withhold prescription services to a Member for good cause if allowed by law including, but not necessarily limited to, Plan Sponsor's nonpayment of prescription services provided to Members; the Member's failure to pay for services rendered (e.g., Copayments/Deductibles and/or Coinsurance or other out-of-pocket costs); requests by Members for quantities of Specialty Pharmacy Products in excess of prescribed quantities or refill limitations or where, in the professional judgment of the dispensing pharmacist, the prescription should not be filled.
- (d) The Specialty Pharmacy will attempt to dispense Generic Drugs in lieu of prescribed brand name Specialty Pharmacy Products if commercially available, consistent with the prescription, and consistent with the dispensing pharmacist's professional judgment and Applicable Law. In addition, the Specialty Pharmacy will comply with the Group Health Plan Formulary to the extent the Formulary applies to such Specialty Drug Products, unless the Specialty Pharmacy is otherwise directed by a prescribing provider via a prescription which contains the handwritten words "Dispense as Written" or "Brand Necessary", or such other equivalent indication as may be required by applicable laws or regulations to indicate the same intention.
- (e) Upon the Specialty Pharmacy's receipt of an appropriate Specialty Pharmacy Product prescription and any required Copayment/Deductible or Coinsurance from the Member, the Specialty Pharmacy will ship the Specialty Pharmacy Product to the Member or provider, as directed by the Member, via a third party carrier or any other comparable traceable method the Specialty Pharmacy may select.
- (f) The Specialty Pharmacy will make every reasonable effort to resolve oral or written complaints in an informal process and keep written records of events and actions surrounding each complaint that is not resolved to the eligible Member's or provider's satisfaction.

5.2.2 Specialty Pharmacy Dispensing Procedures.

- (a) The Specialty Pharmacy will dispense Specialty Pharmacy Products to Members when authorized, in accordance with (1) Applicable Law, and (2) the terms of this Amendment and Benefit Booklet.
- (b) All matters pertaining to the dispensing of Specialty Pharmacy Products or pharmacy in general are subject to the professional judgment of the dispensing pharmacist.
- (c) If it becomes impracticable, for reasons of force majeure or otherwise, for the Specialty Pharmacy to dispense prescriptions to Members, Specialty Pharmacy will use commercially reasonable efforts to have Specialty Pharmacy Products dispensed from an alternative specialty pharmacy, subject to Applicable Law.

5.2.3 Specialty Pharmacy Pricing Terms.

- (a) The Copayment/Deductible or Coinsurance amount for each prescription or refill dispensed through the Specialty Pharmacy will be as designated in the applicable Group Health Plan.
- (b) Claims for Specialty Pharmacy Products will be processed as soon as reasonably practicable following receipt. The applicable AWP will be determined as of the date on which the Claim is processed using the most recently loaded Pricing Source data.

5.2.4 Specialty Copay Solutions – Copay Maximization.

Plan Sponsor has elected to participate in the Specialty Copay Solutions – Copay Maximization Program. This program maximizes the value of eligible manufacturer-sponsored patient assistance coupon programs (coupon program) by adjusting Member out-of-pocket liability to reach the full value of the benefit under the manufacturer's coupon program. In addition, the value of the manufacturer coupon will not be credited to Member deductible or out-of-pocket maximum amounts. The administrative fee for this program is \$125 per eligible specialty drug claim.

Resolution of the Chatham County Board of Commissioners

FOR THE ADDITION OF STREETS OR ROADS TO THE NORTH CAROLINA SYSTEM OF SECONDARY ROADS

CEDAR GROVE/CEDAR MOUNTAIN SUBDIVISIONS

WHEREAS, Chatham County wishes to cooperate in any way possible with the North Carolina Department of Transportation, Division of Highways, to place streets and roads within the County on the North Carolina System of Secondary Roads, operated and maintained by the North Carolina Department of Transportation; and

WHEREAS, from the centerline intersection of SR 1540 Jones Ferry Rd to a point in the centerline of Cedar Grove Road measured 50ft E of the intersection with Pheasant Court, 1.34 miles, 7097 feet

WHEREAS, from the centerline intersection of Cedar Grove Road to the center of cul-de-sac on Wren Lane, 0.09 miles, 470 feet

WHEREAS, from the centerline intersection of Cedar Grove Road to the center of cul-de-sac on Bluejay Court, 0.06 miles, 338 feet

WHEREAS, from the centerline intersection of Cedar Grove Road to the center of cul-de-sac on Pheasant Court, 0.11 miles, 588 feet

NOW, THEREFORE, BE IT RESOLVED, that the Chatham County Board of Commissioners request that subject streets, Cedar Grove Road, Wren Lane, Bluejay Court, and Pheasant Court, be added to the North Carolina System of Secondary Roads upon meeting all criteria as established by the Department of Transportation

Adopted, this the ____ day of _____.

Subject: Addition – 1.34 miles Cedar Grove Road, 0.09 mile Wren Lane, 0.06 mile Blue Jay Court, and 0.11 mile Pheasant Court in the Cedar Grove/Cedar Mountain Subdivisions, Plat References: Book 2004, Page 207, Book 2005, Pages 142 and 309, Book 2006, Pages 303 and 414, Book 2007, Pages 156 and 458, Book 2011 Page 76 and Book 2015, Page 271.

Dear Sirs and Madams:

This is to request appropriate resolution for the addition of the above-mentioned streets in the Cedar Grove/Cedar Mountain Subdivisions. Please find attached a street summary, plats, and maps showing the location of these streets. This office has investigated the subject streets and found them to meet minimum requirements for addition.

If you would forward the resolution directly to this office, I will attach it with other necessary documents and forward it through proper channels for addition to the State System.

Sincerely,

Vote on a request to approve a request by Moncure Holdings to adopt a resolution supporting the request for Department of Transportation Contingency Funds for the design and engineering of access to the Moncure Megasite.

Action Requested: Vote on a request to approve adopting a resolution supporting the request for Department of Transportation Contingency Funds for the design and engineering of access to the Moncure Megasite.

Introduction & Background: The Moncure Megasite located in southeast Chatham County through analysis with consultants identified the need for improved site access road to be constructed from Pea Ridge Road and over Old US 1 to the northern boundary of the Moncure Megasite. This access road will be necessary to support transportation access for an industrial end user of the site. By completing the design and engineering of the road, the construction timeline is drastically reduced once an end user selects the Moncure Megasite as its location. The Department of Transportation has a contingency fund which supports discretionary projects. The fund, which does not require a local match, can provide up to \$750,000 per year for two years.

Discussion & Analysis: Requests from the local legislative representatives, along with a resolution from the local governing body, must be made to the North Carolina Department of Transportation to access a maximum of \$1.5 million over the two year period. An end user locating on the North Carolina Certified Moncure Megasite will create the need for additional transportation infrastructure. By completing the design and engineering of the interchange and access road, the Moncure Megasite becomes more competitive and more attractive to an end user by reducing their construction timeline. In return, this allows for greater marketing of the Moncure Megasite in order to create greater private investment and job creation.

Budgetary Impact: There is no negative impact to the budget due to no local level match being required.

Recommendation: Support the proposed resolution in order to advance the development of the Moncure Megasite.

Resolution of the Chatham County Board of Commissioners

GRANT OF STATEWIDE CONTINGENCY FUNDS TO NORTH CAROLINA DEPARTMENT OF TRANSPORTATION

WHEREAS, Chatham County is a member of the Moncure Megasite, an organization leading regional efforts to develop the Moncure Megasite, an industrial megasite adjacent to US-1 and Old US-1 in Chatham County; and

WHEREAS, development of the Moncure Megasite will require development of a transportation network for industrial access to and from the site; and

WHEREAS, the Moncure Megasite has a proposed contract with a design and engineering firm for the development of said transportation network and has committed approximately \$19 million of funds towards the development of the site; and

WHEREAS, the North Carolina Department of Transportation estimates the cost of preliminary design for this transportation project to be \$1,000,000; and

WHEREAS, the State of North Carolina may have contingency funds in its budget available for this type of project, hereinafter the "Statewide Contingency Funds;" and

NOW, THEREFORE, BE IT RESOLVED THAT the Chatham County Board of Commissioners, through the adoption of this resolution, requests that \$250,000 in Statewide Contingency Funds in the state fiscal year 2021 from each of three separate sources granted to North Carolina Department of Transportation for a total grant of \$750,000 in Statewide Contingency Funds, said funds to be used exclusively for the purpose of completing the preliminary designs, and project management of the development of the transportation network for the megasite referenced above.

Adopted, this the ____ day of _____.

Vote on a request to approve an amendment to the Chatham County Water System Operating Policies to provide the County Manager certain authorities during declared states of emergency

Action Requested: Vote on a request to approve an amendment to the Chatham County Water System Operating Policies.

Introduction & Background: During the current COVID-19 event, a state of emergency was declared state-wide. Subsequent to the emergency declaration, the Governor issued an order to publicly managed utility systems, which instructed public water utilities to ensure all residential customers have access to potable water services irrespective of the customer's account status. Public water utilities were to suspend the disconnection of water services and allow the reinstatement of previously disconnected water services without requiring utility accounts to be paid in full, and further included the waiving of any reconnection charges and late fees until such time the state of emergency is rescinded.

Many municipal water utilities across the state enacted these measures in advance of the Governor's orders to do so. Some jurisdictions effectuated these measures pursuant to policies that had been previously adopted. In consultation with the UNC School of Government, other jurisdictions took these actions in the absence of supporting policy. The School of Government's guidance allowed for such action in the absence of authorizing local policy owing to the nature of the emergency and in recognition of the critical needs that would be provided for by such timely action. While the School of Government's guidance recognized the severity of need for taking measures outside of existing policy, the School's guidance further instructed these jurisdictions to amend existing policy to specifically account for the actions taken. In so doing, future events requiring timely measures such as these to be put into place could be conducted without local policy conflicts.

The Chatham County Water System Operating Policies, which are adopted by the County Board of Commissioners, do not presently contain language authorizing the County Manager to take these measures during declared states of emergency. The proposed amendment seeks to include language that does authorize the County Manager to take actions herein described during declared states of emergency.

Discussion & Analysis: The applicability of the proposed amendment to the County's Water System Operating Policies is narrowly defined and confined to states of emergency that are declared by or on behalf of Chatham County. The proposed amendment does not compel the County Manager to take measures as authorized by the proposed amendment; but rather, enables the Manager to take such timely action as may be necessary to promote the health, safety and welfare of the general public during times of extreme circumstances.

How does this relate to the Comprehensive Plan: Fostering a healthy community as well as becoming more resilient by mitigating, responding and adapting to emerging threats are both stated objectives of the Chatham County Comprehensive Plan. The proposed amendment enables timely response and ability to adapt to emerging threats where potable water supplies are critical in the promotion of public health.

Budgetary Impact: The proposed amendment has no immediate budgetary impact on the County's operating or capital budget. However, adverse revenue impacts may be anticipated to some degree in the event the proposed amendment were approved and then implemented during a state of emergency. This impact could manifest in two ways. The initial potential budgetary impact would be realized on some level if utility customers defer monthly utility bill payments for a period of time, but bringing their accounts to current at some point in the future. This impact represents a potential short-term revenue dip followed by a revenue upsurge and ending with a leveling of revenue with no long-term impact. The immediate impact during the downward slope of revenue may present cash flow challenges for a period of time if deferring utility payments becomes a widespread behavior throughout the customer base. The second, more long-term, budgetary impact would be realized if the customers who defer utility payments are unable to bring their account balances to current, even if payment plan assistance is available. This could result in lost revenue that is unrecoverable, less the deposits held for each account. The magnitude of this long-term budgetary impact will be dependent on how widespread this scenario becomes throughout the County's utility customer base.

Recommendation: Approve the proposed amendment to the Chatham County Water System Operating Policies to provide the County Manager certain authorities during declared states of emergency

Approved 05/16/2006 (BOC)

General

The availability of water from a public system is recognized as a factor which significantly influences land development. Therefore, it is the policy of the System to expand its production capacity and distribution network to support the implementation of the County's land development plan.

However, the availability of water from the System should not be accepted as justification for changing or granting exceptions to land uses prescribed in the development plan in any instance where more intensive uses of the parcel are precluded by factors other than the availability of water.

The availability fee will be used as a contribution to the System's capital asset replacement/improvement fund. Funds in this reserve may only be expended upon approval by the Board of County Commissioners.

Expansion of the System's Water Distribution Network

Each agreement for expansion of the distribution network shall conform to each of the applicable System General Policies. Additionally:

Each individual system residential customer, i.e. not a resident within a major subdivision, shall be required.

- To pay the entire cost of extending the system's distribution network from the nearest County water line to the residence, and
- To pay the current water availability fee for the water connection to the residence.

The owner of an existing or proposed business or industry will be required:

- To pay, prior to connection to the system, the capital costs of the water extension project.
- To enter into a water purchase agreement/user agreement with the County. *Factors such as number of jobs, the facility's tax base, and the economic impact to the County are considerations for modifications to the abovementioned policy.*
- To pay the current water availability fee for the water connection.

The owner of a major subdivision proposed for development on a land parcel with frontage on a State road where a System distribution line of adequate size is established will be required to:

- Pay all capital costs of extending the distribution line into and within the subdivision in accordance with System standards before any connections to individual customers are made.
- All individual taps shall be made and paid for by the developer.
- Pay the current water availability fee for the water connection.

The owner of a major subdivision proposed for development on a land parcel which has no frontage on a State road where a System distribution of adequate size is established will be required to:

- Pay all of the capital costs of extending the distribution network to, into, and within the subdivision, in accordance with the System standards, before any connections to individual customers are made.
- All individual taps shall be made and paid for by the developer.
- Pay the current water availability fee for the water connection.

The owner of each existing major subdivision, currently served by a community water system other than the County Water System, will be required to:

- Pay the entire capital costs of extending the distribution network to, into, and within the subdivision, in accordance with System standards.
- Pay an availability fee of not less than twenty-five percent of the current individual residential customer charge for each existing water connection.
- Pay an availability fee of one hundred percent of the current individual residential customer charge for connection to each new residential property.

Part A – Policy Statements

Approved 05/16/2006 (BOC)

In a situation where an existing major subdivision is equipped with a master water meter:

- Pay an availability fee of not less than twenty-five percent of the current individual residential customer charge for each existing water connection.
- Pay an availability fee of not less than one hundred percent for connection to each new residential property.
- Chatham County Water Systems shall not provide bulk water service to community water system that does not meet the most current applicable standards established by North Carolina Department of Environment & Natural Resources – Public Water Supply Section Rules governing Public Water Supply Systems NC. Administrative Code Title is a DENR Subchapter 18C – Water Supplies as updated April 2003 or most recent edition or most applicable standards established by Chatham County unless otherwise approved by Chatham County.
- Furthermore, Chatham County shall not assume ownership or accept dedication of any community system that does not meet the applicable current standards established by NCDENR – Public Water Supply and/or Chatham County.

PART B

CHATHAM COUNTY WATER SYSTEM – RULES AND
REGULATIONS

Part B – Rules and Regulations

Approved 05/16/2006 (BOC)

I. CLASSIFICATION OF SERVICE

All services are classified under three categories; Single-Unit residential, Multi-Unit residential, and Non-Residential Production.

Single-Unit Residential – any water service which solely serves a residential dwelling contains no other business or service needs, except that of a residence. (Farms which only have county water service to the residential dwelling would qualify as a residence. If any of the water service extends to facilities associated with farming, such service would be considered nonresidential. Churches, schools, and other related structures would also be considered non-residential).

Multi-Unit Residential – one meter serving multiple dwelling units (i.e. apartment building or mobile home park sharing a master meter).

Non-Residential Production – a meter account serving non-residential, manufacturing or agricultural customers who use the majority of their water for production purposes. (i.e. poultry houses, brick manufacturing, plant nurseries).

II. RATE SCHEDULE

User rates are established from time to time by the County Board of Commissioners and are on file with the Chatham County Water Department. (See Exhibit A)

III. APPLICATION FOR SERVICE

Service will be supplied only to those who have paid the current applicable fees.

Users must make an application for service at the County Water Department.

The County may reject any application for service not available under a standard rate, or which involves excessive service cost, or service that may adversely affect the supply of service to other customers or for other good and sufficient reasons.

The County may reject any application for service when the applicant is delinquent in payment of bills incurred for service previously supplied at any location.

IV. DEPOSIT

All users will make a minimum cash deposit at the current published rate. Deposits shall not draw interest.

The individual in whose name the deposit is made shall be responsible for payment of all bills incurred in connection with the service furnished.

A separate deposit is required for each meter installed.

The deposit receipt is not negotiable and can be redeemed only at the County office less any amount owed the County for water furnished.

V. COUNTY'S RESPONSIBILITY AND LIABILITY

The County shall run a service line from its distribution line to the property line where the distribution line runs immediately adjacent and parallel to the property to be served, and for which a tap on fee then in effect for each size of meter will be charged, as hereinbefore specified.

The County may install its meter at the property line or, at the County's option, on the consumer's property, or in a location mutually agreed upon. Easements for the maintenance of any public improvement shall be required if located on private property.

When two or more meters are to be installed on the same premises for different consumers, the meters shall be closely grouped and each clearly designated as to which consumer it applies.

The County does not assume the responsibility of inspecting the consumer's inside house piping or apparatus.

. All lines from wells to residences must be disconnected and inspected by County.

The County shall not be liable for damage of any kind whatsoever resulting from water or the use of water on the consumer's premises, unless such damage results directly from negligence on the part of the County. The County shall not be responsible for any damage done by or resulting from any defect in the piping, fixtures, or appliances on the consumer's premises. The County shall not be responsible for negligence of third persons or forces beyond the control of the county resulting in any interruption of service.

The County shall furnish and maintain a private cutoff valve on the County's side of the meter, the consumer to provide a like valve on the consumer's side of such meter

The County reserves the right to refuse service for the following reasons:

- The consumer's lines or piping are not installed in such manner as to prevent cross-connections or backflow.
- The service is classified as a potential health risk and the consumer has not installed a reduced pressure zone backflow preventor (RPZ)
- The consumer has not installed a Pressure Reducing Valve (PRV) of appropriate size and capacity to protect the customer's property from possible excessive pressures.

Under normal conditions, the consumer will be notified of any anticipated interruption of service.

Expansion of the Distribution Network

When a project for expansion of the Distribution Network is to be paid for by Chatham County, the Water Department will complete its canvass of potential new customers on the proposed extension and water purchase agreements prior to issuance of invitations to bid on the design or construction of the project.

Unless specifically authorized by the County to be situated elsewhere, water system meters will be installed at the boundary which separates the water customer's property from the road right-of-way in which the System's water main is located.

VI. CONSUMER'S RESPONSIBILITY

Consumers requesting a new service will be required to obtain a plumbing permit from the Chatham County Central Permitting office. An inspector from the Central Permitting Office will inspect the consumer's outside water piping at the time of meter installation to ensure that there is no connection to another water supply for service inside of the house. No connection will be permitted if such a condition exists.

All services that are classified as a potential health risk, including but not limited to farms, factories, irrigation systems, etc., are required to have a reduced pressure zone backflow preventor (RPZ) installed on the service line on the customer's side of the water meter.

The customer is required to have the RPZ inspected annually by a certified inspector. An inspection report is to be sent to the Chatham County Water Department by the certified inspector. The certified inspection report will be kept on file by the water department. Failure to inspect as required or to correct any deficiencies noted upon inspection may be grounds for termination of service.

There shall be installed on every water service to customers on the Chatham County Water System a Pressure Reducing Valve (PRV) of appropriate size and capacity to protect the customer's property from possible excessive pressures. The PRV shall be installed by the customer at his own expense on the customer's side of the meter box. Maintenance, repair and/or replacement of the PRV shall be the customer's responsibility.

Piping on the consumer's premises must be so arranged that the connections are conveniently located with respect to the County lines or mains.

Part B – Rules and Regulations

Approved 05/16/2006 (BOC)

If the consumer's piping on consumer's premises is so arranged that the County is called upon to provide additional meters, each place of metering will be considered as a separate and individual account.

The consumer's piping and apparatus shall be installed and maintained by the consumer at the consumer's expense in a safe and efficient manner, in accordance with the County's rules and regulations, and in full compliance with the sanitary regulations of the North Carolina Department of Human Resources.

The consumer shall guarantee proper protection for the County's property placed on the consumer's premises and shall permit access to it only by authorized representatives of the County.

In the event that any loss or damage to the property of the County or any accident or injury to persons or property is caused by or results from the negligence or wrongful act of the consumer, his agents, or employees, the cost of the necessary repairs replacements shall be paid by the consumer to the County; and any liability otherwise resulting shall be assumed by the consumer. The amount of such loss or damage or the cost of repairs shall be added to the consumer's bill; and if not paid, service shall be discontinued by the County.

Failure to comply with these rules and regulations may lead to a disconnection from the water system.

VII. ACCESS TO PREMISES

Duly authorized agents of the County shall have access at all reasonable times to the premises of the consumer for the purpose of installing or removing County's property, inspecting piping, reading or testing meters, or for any other purpose in connection with the County's service and facilities.

Each consumer shall grant or convey, or shall cause to be granted or conveyed, to the County a perpetual easement and right-of-way across any property owned or controlled by the consumer wherever said perpetual easement and right-of-way is necessary for the County's water facilities and lines so as to be able to furnish service to the consumer. Service may be conditioned upon such easement grant.

VIII. CHANGE OF OCCUPANCY

Not less than three days notice must be given in person or in writing, at the County's office, to discontinue service for a change in occupancy.

The outgoing party shall be responsible for all water consumed up to the time of departure or the time specified for departure, whichever period is longer.

IX. METER READING/ BILLING/COLLECTING

Meters are read on a monthly basis. Utility bills are mailed on or about the 1st of every month and are due by the 25th of each month. The bill will become delinquent on the 26th day of each month with a late fee applied. Cut-off of service for non-payment of the bill with an outstanding balance of a minimum charge or more will occur if payments for the past due amount were not paid by the 15th of the following month. Should the 15th fall upon a weekend or holiday, cut-off of service shall take place on the following business day. A reconnection fee will be charged for services discontinued for non-payment.

In the event a state of emergency is declared by or on behalf of Chatham County, the County Manager shall be delegated the authority to suspend the disconnection of water services and allow the reinstatement of previously disconnected water services, without requiring utility accounts to be paid in full, and including waiving any reconnection charges and late fees, until such time the state of emergency is rescinded.

Customers are responsible for paying their water bills every month even if the bill is not received. Billing information may be obtained from the County Water Department.

Bills for water will be figured in accordance with the County's published rate schedule then in effect and will be based on the amount consumed for the period covered by the meter readings.

Part B – Rules and Regulations

Approved 05/16/2006 (BOC)

Charge for service commences when the meter is installed and the connection is made, whether used or not. Charges will commence upon use but no later than sixty (60) days from the installation of the service. This will allow the customer time to make plumbing connections from the residence to the County meter.

Readings from different meters will not be combined for billing, irrespective of the fact that said meters may be for the same or different premises, the same or different consumers, or the same or different services.

X. SUSPENSION OF SERVICE

Deposits will be refunded when services are disconnected and all bills paid.

Upon discontinuance of service for nonpayment of bills, the deposit will be applied by the County toward settlement of the account. Any balance will be refunded to the consumer, but if the deposit is not sufficient to cover the bill, the County may proceed to collect the balance in the usual way provided by law for the collection of debts.

Service discontinued for nonpayment of bills will be restored only after the past due amount, the current month's charges, and a re-connection service fee is paid for each meter reconnected.

The County reserves their right to discontinue its service without notice for the following additional reasons:

- To prevent fraud or abuse.
- Consumer's willful disregard of the County's rules.
- Emergency repairs.
- Insufficiency of supply due to circumstances beyond the County's control.
- Legal procedures.
- Direction of public authorities.

The County may, in addition to prosecution by law, permanently refuse service to any consumer who tampers with a meter or other measuring device. The County may initiate legal action for anyone tampering with any portion of the County's system.

XI. COMPLAINTS/ADJUSTMENTS

If the consumer believes his bill to be in error, he shall present his claim in writing to the County Water Department before the bill becomes delinquent. Such claim if made after the bill has become delinquent shall not be effective in preventing discontinuance of service as heretofore provided. The consumer may pay such bill under protest and said payment shall not prejudice his claim.

The County will make special meter readings at the request of the consumer for a fee. No fee will be charged if the special reading discloses that the meter was read incorrectly.

The County will test residential meters at the request of the consumer for a fee. Other meters will be tested for a fee not to exceed the actual cost to the County of making the test. If the meter is found to over register beyond two percent of the correct volume, no fee will be charged.

If the seal of a meter is broken by other than the County's representative or if the meter fails to register correctly, or is stopped for any cause, the consumer shall pay an amount estimated from the record of his previous bills and/or from other proper data.

An allowance may be made to a customer for adjustment of his bill for one undetected leak per year while allowing the County to recover the cost for lost water. The customer would be paying a more equitable rate for water loss through no fault of their own. A maximum of two consecutive months' billings may be adjusted

Adjustments may be allowed when:

- The bill exceeds the customer's "average monthly bill" by three times. "Average monthly bill" would be calculated on the past twelve (12) months billings (when possible).
- Immediate steps were taken, after detection of the leak, to prevent further loss of water.

Part B – Rules and Regulations

Approved 05/16/2006 (BOC)

- Customer has made the necessary repairs.

Methods for Adjustments:

- Adjustments would be based on the customer's "average monthly bill."
- The customer would pay the amount of their "average monthly bill" plus all water used over their average usage calculated at the prevailing purchase rate.
- If the usage crossed two months of billings, two minimums would be paid.

Adjustment in billing to sewer customers for undetected water leaks

Sewer adjustments may be made for undetected leaks that do not go through the sewer system. These leaks must be verified in writing by a certified plumber when he makes the repair. Should a water department employee in the normal course of their work, discover a leak, this information along with a written statement by the property owner that the leak has been repaired would suffice in determining the validity of the leak. The customer's revised bill shall be based upon the consumption for that month during the preceding calendar year. If this information is unavailable, the average consumption for the preceding three months shall be utilized.

Nonconforming Water Service Connections

Nonconforming Water Service Connections can be defined as but not limited to: multiple connections to a single service line and/or metered connections without proper backflow protection, exclusive of multiple residential services through an approved master meter.

The County Staff will provide written notification to any customer(s) in violation of the current policy. The customer(s) will have 60 days to install a separate service line and meter to each residential dwelling. All installations and equipment shall meet all applicable State and Local Building Code and all applicable fees shall be paid.

If after 60 days from the date of the notification, the Nonconforming Water Service Connections have not been corrected in accordance with standards established by Chatham County, the customer is subject to disconnection from the County water system.

Exemptions to this policy (non conforming water service):

- Any developments which have a written contractual agreement with Chatham County for multiple residential use on a master meter.
- Facilities such as commercial farms or customers classified as non-residential production.

XII. SEWER - GREASE TRAP POLICY

All non-residential sewer customers that discharge grease, oil, or sand in their waste water streams shall install and operate grease/oil/sand interceptors at their own expense. Interceptors shall be maintained in a manner that prevents the discharge of grease/oil/sand into the county wastewater collection system. Interceptors shall be easily accessible for cleaning and inspection. All interceptors shall be of a design and construction approved by the county utility.

Customers shall maintain pumping and maintenance records for their interceptors for the previous two years.

The county shall have the right to inspect during normal business hours interceptors and interceptor maintenance records.

Failure to properly maintain an interceptor may result in termination of water and sewer service.

XIII. AMENDMENT OF RULES

No promise, agreement, or representation of any employee of the County shall be binding upon the County except as it shall have been agreed upon in writing; signed and accepted by the County Manager.

No modification of rates or any of the rules and regulations shall be made by any agent of the County.

PART C

CHATHAM COUNTY WATER SYSTEM – CONNECTION POLICY FOR
SUBDIVISIONS

Part C – Chatham County Water System – Connection Policy for Subdivisions

INTENT

Chatham County allows and encourages extensions to its water distribution system to promote the provision of public water supply service to both residential and non-residential customers. This policy is intended to identify the requirements for water system installation as part of the subdivision approval process for developers in Chatham County.

POLICY

New development projects will be required to connect to the County water system if water service is determined to be available and feasible as defined herein. The connection to the County water system shall be provided in lieu of installation of individual or community (private) water systems. The distance requirements shall be as follows:

User Classification	Distance to utility easement or public right-of-way adjacent to the nearest water main (see definitions)
Major residential subdivision – 1 dwelling unit per lot	100 linear feet per lot
Minor residential subdivision – 1 dwelling unit per lot	100 linear feet per lot
New non-residential unit	2,000 linear feet per unit

All transmission lines (define here as six inches and larger) authorized by the County shall be ductile iron “Except where the County is restricted from requiring ductile iron due to the County’s funding source.” (reference board meeting November 15, 2004)

The County reserves the right to fund an extension of a current water main to within the distance requirement, thereby making water available to the project.

If a development meets the criteria defined herein, the developer will be required to install the necessary water system improvements to and within the development to provide water service to each unit residential or non-residential. All installations shall be in accordance with County requirements for installation of potable water lines.

If water service is determined to be unavailable for a given development the developer may request the provision of County service. If the County chooses to make water available to the development, the developer will then be required to comply with the policy stated herein.

If some or all of the water mains to serve a development can be increased in size to provide substantial benefits to other current or future users of the County water system, the County reserves the right to require the upsizing of the water main(s).

The cost of water mains greater than predetermined line sizing approved on January 20, 2004 may be negotiated with the County.

Phased projects shall require the submission of a master conceptual plan of the applicant’s contiguous land holdings. The County is concerned with ensuring continuity between phases and satisfactory completion of each individual phase should the project not be completed as planned.

DEFINITIONS

“Distance” – the distance requirement shall be measured from the closest property line of subdivision to the edge of the utility easement or public right-of-way hosting the closest County water main. This distance shall be measured along utility easements or public rights-of-way.

“Major Subdivision” – A major subdivision shall be defined as any subdivision having more than 5 dwelling units. In the case of phased projects, the total number of dwelling units to be constructed in all phases shall be used for the purpose of classification. In the absence of a phasing master plan, any existing development contiguous to the proposed subdivision which has been permitted by the applicant within the 12-month period preceding the date of application for a new permit shall be considered an earlier phase and shall be added to the number of dwelling units in

Part C – Chatham County Water System – Connection Policy for Subdivisions

the proposed subdivision to calculate the total number of dwelling units in all phases for the purposes of classification of the subdivision.

“Minor Subdivision” – A minor subdivision shall be defined as any subdivision having 5 or fewer dwelling units.

“Available” – Water service shall be deemed to be available if the system is located within the required distance and is able to provide the necessary flow and pressure required for the development. For the purpose of this classification, it shall be defined in state rules 15A:18C:0904.

EXCEPTIONS

Under the specific classifications herein defined, a development shall be evaluated on a case-by-case basis.

“Large Setbacks” – If an individual dwelling unit is located on a parcel of land with a setback from the nearest public right-of-way equal to or greater than 500 feet the availability of water it will be evaluated on a case-by-case basis to assure adequate flow can be provided at a feasible cost. If the developer requests that such a connection be made then the connection shall be made according to the requirements described herein.

“Service Unavailable” – If the County system is not able to provide water service meeting the definition of “available” according to pressure and flow requirements, the developer shall be exempt from these requirements.

“Non-Profit Entities” – Non-profit entities shall be evaluated on a case-by-case basis and under hardship circumstances may be exempt from the requirements of this policy.

“Replacement Units” – A new residential dwelling unit that is constructed to replace an existing residential dwelling unit shall be deemed an existing unit and shall be exempt from these requirements.

COUNTY WIDE WATER CONNECTION POLICY

All new residences shall connect to the County’s water system if:

1. The property on which the dwelling unit is erected abuts a county water main, and;
2. Construction of the residence is within 500 feet of the water main, and
3. County water service is determined to be available and feasible according to the guidelines set forth in State rules 15A:18C:0904.

Note: The Board of County Commissioners may make variances when topographic or man made barriers make connecting economically impractical.

See Ordinance Establishing a Water System Availability Fee

PART D

CHATHAM COUNTY WATER SYSTEM – PLAN REVIEW AND
CONSTRUCTION INSPECTION POLICY FOR WATER SYSTEM
IMPROVEMENTS

Part D – Plan Review and Construction Inspection Policy for Water System Improvements

A. INTENT

On acceptance of water system improvements, the County is responsible for maintenance of such features. Because of this responsibility to the community, it is important that Chatham County reasonably attempt to assure proper design and installation of water system improvements. This policy pertains to water system improvements or extensions within the water system master plan or those serving developments directly adjacent to lines included on the water system master plan. Major projects that include lines along state maintained roads not listed in the approved system master plan must be approved by the Board of Commissioners before any plan review may occur.

B. AFFECTED PARTIES:

All individuals or organizations constructing private community water systems or public water system improvements in the County are subject to these policies. (Private water system improvement projects that will not be turned over immediately to the county must comply with this policy except for the provisions related to county acceptance of the project.)

C. FEE SCHEDULE:

Design review and inspection fees as determined from time to time by the County shall be paid by the applicant as required by the County. (See Exhibit A)

D. PROCEDURE:

1. An applicant shall submit in a form satisfactory to the County, 2 set of proposed plans and specifications signed and sealed by a professional engineer.
2. If the plans and specifications are complete, the Utilities Director or his designee will coordinate plan review with the County's consulting engineers, the planning department and the County Fire Marshal. Plans will be reviewed to determine the project's conformity with County Standard Water System Specifications and Requirements, the Water System Master Plan, and to assure the project impact the County's existing water system.
3. The County normally will approve, disapprove, or request modifications to submitted plans within 30 days.
4. If the County requires modifications to the project plans and specifications, the applicant must submit 2 sets of revised plans and specifications in conformity with the required modifications within the time specified in the notice.
5. The County will indicate approval for the project by stamping each set of plans and specifications and if applicable signing off on the State Plan Approval Application.
6. The County shall submit the plans to the State Division of Environmental Health. The state will review the plans for compliance with state requirements. If approved, the state will stamp plans and return to the County. This set of plans and specifications with both state and county approval stamps will be used to monitor construction.
7. The applicant shall obtain any other state and local approvals as required.
8. All applicable review fees shall be paid upon receipt.
9. Prior to construction, the applicant shall arrange for a pre-construction meeting with the County and the utility contractor. The applicant must adhere to all county water line inspection and disinfection policies during the construction phase of the project (see line

Part D – Plan Review and Construction Inspection Policy for Water System Improvements

inspection and disinfection guidelines for complete list of requirements). The applicant shall also supply the following documents:

- Provide to Chatham County the Approved Construction Drawings
 - All Applicable Permits
 - Shop Drawing and Submittals to be used in construction for all water main features (eg. valves, hydrants, fittings).
 - The Chatham County Authorization to Construct shall be approved prior to construction of the subject project.
10. The applicant shall provide the County with at least 48 hours notice prior to initiating the following actions.
- Commencement of Construction
 - Dry or wet tap to existing county distribution system.
 - Horizontal or Directional Boring.
 - Installation of Pump stations, back flow preventers, pressure reducing valves, and associated vaults.
 - Pressure testing and disinfection of water lines.
 - Final Inspection of subject project.
11. Upon completion of construction, the applicant will provide the county with the following:
- Shop drawings and operation manuals.
 - Two sets of as-built, reproducible (Mylar) plans showing location of all lines and appurtenances referenced to observable landscape or development features.
 - Computer files of the as-built drawings in Auto Cad or other County approved software format.
 - A bond or contractor's warranty to cover the cost of all repairs to water improvements as a result of installation for a 12-month period.
 - Completed Water Improvement Project Acceptance Form.
 - Payment for inspection services provided by the county.
12. Pursuant to state regulations, the applicants engineer shall submit his engineer's certification to NCDENR- Public Water Supply Section for final approval.
13. Once the County verifies the accuracy of all the submitted documents, the Utilities Director or their designee will date and sign the Applicants Certification Form for submission to NCDENR-Public Water Supply Section. This will constitute final approval and acceptance by Chatham County,
14. An Applicant is responsible for the maintenance cost of water improvement projects for 12 months. If maintained after 12 months, the County will accept the maintenance of the water improvement project.

AN ORDINANCE ESTABLISHING A WATER SYSTEM AVAILABILITY FEE

WHEREAS, Chatham County has experienced substantial residential growth and development since the implementation of the Chatham County Water System and the construction of the County's Jordan Lake Water Treatment facility; and

WHEREAS, new development has increased the burden upon existing public water facilities in Chatham County; and

WHEREAS, additional customers are anticipated that will further burden the limited resources of Chatham County in order to satisfy the increased demands for potable water; and

WHEREAS, the commitment of such limited resources should be made only in consideration of payment of at least a portion of the costs of providing and making such resources available; and

WHEREAS, a water availability or capacity fee is a significant expenditure and the Board of Commissioners desires to minimize the economic impact of such fees as much as possible while at the same time requiring new customers to more fairly share in the cost of providing potable water facilities; and

WHEREAS, the Board of Commissioners desires to accomplish said purpose by limiting the maximum impact fee for growth, but fairly apportioning the cost of potable water facilities among and within the various customer classes generating the need for such facilities;

NOW, THEREFORE, BE IT ORDAINED by the Board of Commissioners of Chatham County as follows:

1. *Applicability.* An availability or capacity fee to cover a portion of the costs associated with providing water supply and treatment capacity and distribution facilities shall be assessed against new developments or new service connections that connect to the Chatham County Water system. This availability fee will be in addition to any other fees required by Chatham County. "New Development" means the subdivision of land; the construction, reconstruction, redevelopment, conversion, structural alteration, relocation, or enlargement of any structure; or any extension to any existing use of land; any of which increases the number of service units as hereinafter defined.

2. *Unit of assessment.* Availability or capacity fees shall be assessed at a rate per gallon of the average daily water usage estimated to be the capacity required for any proposed system extension or connection based upon the relationship of the continuous duty maximum flow rate in gallons per minute for a water meter of a given size and type compared to the continuous duty maximum flow rate in gallons per minute for a 3/4"x 5/8"

diameter simple water meter, sometimes referred to herein as a “service unit”. The calculated amount of the availability fee shall be increased if the number of service units attributable to new development increases, in which case the calculated amount is increased in an amount equal to the availability fee then in effect multiplied by the increased number of service units. The calculated amount shall also be the greater of the fee based upon the size and type of meter connection and the fee based upon the number of service units to be served by that connection.

Development as to which a change in use occurs shall be revaluated and assessed in the same manner as new development. If a customer requests an increase in meter size to an existing service, the customer shall pay the fee difference between the number of service units requested and the existing number of service units. The additional fee shall be paid prior to the installation of the enlarged meter service.

3. *Rate of assessment.* The availability fee rate for connections or service units shall be as adopted from time to time by the Board of Commissioners.

4. *Procedural effect.* Payment of an availability or capacity fee shall have no effect on the development review and approval process for any proposed project required by the County or by any other government or agency thereof.

5. *Time of payment.* Water capacity for any development or service connection shall not be provided by the County unless and until payment of the required availability fees. Capacity or availability fees must be paid upon the earliest of the following:

- (1) Approval by the County of an application for a water line extension to the County Water System.
- (2) Approval of a final subdivision plat or nonresidential site plan utilizing County water services. Approval of a phase of any subdivision shall not imply availability of capacity for any future phase without payment of availability fees therefore.
- (3) Issuance of a building permit for new construction, expansion of an existing non-residential use or otherwise to increase a customer's service requirements from the County Water System.
- (4) A connection is made to an existing County water distribution line.

6. *Release from liability.* When funds for water capacity have been paid for a project or use as herein provided, the County shall make such capacity available for that project or use when required. If, however, the

owner fails to use the capacity reserved within the time permitted for completion of the development project, or five (5) years from the date of payment, whichever is later, then the availability fees so paid shall not be refunded and the County shall have no further responsibility to reserve said capacity. Water capacity for any development or service connection, including future phases of phased subdivision developments, shall not be assured by the County unless and until payment of the required availability fee.

7. *Obligation.* Payment of capacity fees does not relieve the owner of the obligation to build water line extensions in accordance with County standards.

8. *Severability.* If any provision, section, subsection, sentence, or clause of this ordinance, or the application of same to any person or set of circumstances, is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this ordinance shall not be affected thereby, it being the intent of the Board of Commissioners in adopting this ordinance that no portion thereof, or provisions or regulations contained herein, shall become inoperative or fail by reason of any unconstitutionality of any other portion hereof, or for another reason and all provisions of this ordinance are declared to be severable for that purpose.

9. *Repealer.* All ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

10. *Effective Date.* This ordinance shall be effective upon adoption. (4-3-06)

Rate Schedule - Residential and Non-Residential

WATERSHED REVIEW BOARD

RULES OF PROCEDURE

APPEALS, VARIANCES

RULES OF PROCEDURE FOR THE WATERSHED REVIEW BOARD REGARDING THE APPEALS AND VARIANCES

Section 101. General Proceedings of the Watershed Review Board ("the Board").

The Board shall annually elect a chairperson and a vice-chairperson from among its members. The chairperson in turn shall appoint a secretary, who may be an employee of Chatham County or a member of the Watershed Review Board. The chairperson, or in his or her absence, the vice-chairperson, shall administer oaths and request the attendance of witnesses. The Board shall keep minutes of its proceedings, including the names of members present and absent, a record of the vote on every question or abstention from voting, if any, and the reason for such abstention, together with records of its examinations and other official actions.

Section 102. Meetings

- (A) Board Meetings. Meetings of the Board shall be held upon the call of the chairperson or at the request of three (3) or more members of the Board. At least forty-eight hours (48) written notice of the time and place of meetings shall be given by the secretary to each member of the Board and as required by law. All board meetings are to be held in accordance with Article 33B of Chapter 143 of the General Statutes of North Carolina, commonly referred to as the Open Meetings Law.
- (B) Cancellation of Meetings. Whenever, so many members notify the secretary of their inability to attend that a quorum will not be available, the chairperson may cancel the meeting by giving notice as required by Section 102(A) of these Rules of Procedure, except that forty-eight (48) hours prior notice shall not be required, and notice of cancellation maybe written or oral.
- (C) Quorum. A quorum shall consist of six (6) members of the Board. .
- (D) Voting. All members present shall vote on any issue before the Board unless they are disqualified for one or more of the reasons listed in Section 506 of the Watershed Protection Ordinance (the "Ordinance"). The vote of a majority of the members present and voting shall decide all issues before the Board. Vacant positions on the Board and members who are disqualified from voting shall not be considered "members of the Board" for determination of a quorum or deciding any issue before the Board.
- (E) Electronic Meetings. The following Rules of Procedure for Electronic Meetings are a guide for how the Watershed Review Board established by the Chatham County Board of Commissioners will conduct meetings featuring electronic participation.

1. Meetings to Which These Rules Apply. These Rules of Procedure for Electronic Meetings (“Electronic Rules”) shall apply to all Chatham County public advisory boards, committees, commissions, and councils, including the Watershed Review Board. The Electronic Rules are supplemental to the Rules of Procedure approved by the Watershed Review Board for its meetings. Electronic Meetings can take place for any regular, special, or emergency meeting of the Watershed Review Board, subject to the conditions governing the use of Electronic Meetings.
2. Conditions Necessary for Electronic Meetings. Electronic meetings will only be permitted when any of the following entities declare that a state of emergency or a disaster exists in an area including the Chatham County: the federal government of the United States of America; the Government of the State of North Carolina through the Governor of the State of North Carolina or other method permitted by Chapter 166A of the North Carolina General Statutes; or Chatham County, North Carolina. The state of emergency declaration or disaster declaration must be related to a distinct event that reasonable persons can agree directly affects Chatham County (for example, a determination that an emergency exists under the National Emergencies Act related to piracy conducted by Somali pirates would not reasonably be related to the Chatham County and cannot support use of electronic meetings). If no state of emergency or disaster exists, then these Electronic Rules may not be used.
3. Definition of an Electronic Meeting. An Electronic Meeting is any meeting where one or more members of the Watershed Review Board participates through telephonic communication, or a telecommunications application which allows simultaneous communication by multiple parties, or other similar means that allows the members of the Watershed Review Board to hold a meeting without all members being physically present in the same room.
4. Notice of Electronic Meeting. If an Electronic Meeting is necessary, a public notice of the electronic meeting shall be sent as part of any notice required by North Carolina General Statutes §143-318.12. The public notice, in addition to the information required by North Carolina General Statutes §143-318.12, shall provide:
 - i. The location of the physical meeting (which is where any Watershed Review Board member and Staff able to attend the meeting in person shall gather); and
 - ii. The location of where a member of the public, member of the media, or others, may listen to the Electronic Meeting in accordance with § 143-318.13 of the North Carolina General Statutes.

The notice shall be provided in the manner required by Article 33C of Chapter 143 of the North Carolina General Statutes. If the Electronic Meeting is being used for any part of a regular meeting that is on the meeting schedule adopted by the Watershed Review Board, then the information required above shall be provided in a separate notice to be provided in accordance with Article 33C of Chapter 143 of the North Carolina General Statutes. Any notice provided may also be posted on the Chatham County bulletin board, website and social media accounts, if possible.

5. Quorum. Watershed Review Board members present in person or electronically, shall be included in the calculation for determining if a quorum exists of the Watershed Review Board. If a committee member who participates electronically withdraws from the meeting, the rest of the meeting may be completed provided there is still a quorum of the committee members present either in person or electronically. Any committee member withdrawing from the meeting shall no longer be included for purposes of the quorum calculation.
6. Process of Opening Meeting. Immediately prior to opening the meeting, the Chair, Vice Chair, or other presiding officer shall communicate with the Watershed Review Board member(s) who is (are) participating electronically and ensure that he/she is prepared to go forward. From that time forward until the adjournment of the meeting, the communication line or application shall be kept open. At the start of the meeting, the Chair, Vice Chair, or presiding official shall state which Watershed Review Board members are participating electronically.
7. Voting and Discussion. Watershed Review Board members present for the meeting through electronic means are eligible to vote for all items considered by the Watershed Review Board during the meeting. Also, a member voting must indicate verbally with a "yes," "no," "yea," "nay," "or "abstain" (when that is permitted) such that the vote may properly and accurately record into the minutes of the Watershed Review Board. Prior to taking a vote on any issue, the Chair, Vice Chair, or other presiding officer shall inquire of the Watershed Review Board members participating electronically if he or she has been able to adequately monitor the discussion, including comments from the public, if any, and shall allow those Watershed Review Board members to make any comments he or she desires, if they chose to not avail himself or herself of the opportunity to discuss the matter before the vote. However, it is the responsibility of the member to gain the attention of the Chair or the presiding officer in order to be recognized for discussion. A committee member attending through electronic means that withdraws from the meeting without being excused from further attendance shall not be considered an affirmative vote on items before the Watershed Review Board. If a committee member attending through electronic means becomes disconnected from the

meeting, the Watershed Review Board member will not be counted as an affirmative or negative vote.

8. Minutes. The minutes of the meeting shall designate the name of each Watershed Review Board member who participated electronically, the nature of the electronic communication, and the duration of the committee member's participation.

Section 103. Appeals and Variances.

(A) Types of Appeals and Variances:

- (1) Appeals. The Board shall hear and decide all appeals from any decision or determination made by the Watershed Administrator. Decisions or determinations made by the Watershed Administrator shall be served upon the property owners or appellants by personal service or by registered or certified mail, return receipt requested.
- (2) Variances. All applications for variances shall first be presented to the Watershed Administrator, who in turn shall refer the applications to the Watershed Review Board for review and decision in accordance with the procedures outlined in Section 507 of the Ordinance.

(B) Procedure for Filing Appeals and Applications for Variances. Appeals and applications for variances shall be filed within thirty (30) days after the interested party or parties receive notice of the decision of the Watershed Administrator. Applications and appeals shall be filed with the Watershed Administrator, who shall act as clerk for the Board in receiving this notice. All applications and appeals shall be made upon the form specified for that purpose and all information required on the form shall be complete before an application or appeal shall be considered as having been filed. Once applications or appeals have been filed, the Watershed Administrator shall immediately notify the chairperson of the Board that such applications have been received.

(C) Hearings:

- (1) Time. After receipt of an appeal or an application for variance, a hearing shall be scheduled within a reasonable period of time, not to exceed ninety (90) days from the filing of notice of appeal or application for a variance.
- (2) Notice of Hearing. For all appeals and applications, notice of hearing shall be mailed to the adjoining property owners and to such other persons as the Watershed Administrator shall direct at least ten (10) days prior to the hearing. Such notice shall

state the location of the building or lot, the general nature of the question involved, and the time and place of the hearing.

- (3) Conduct of Hearing. The hearing shall be a quasi-judicial proceeding. Any party may appear in person or by agent or by attorney at the hearing. The order of business for the hearing shall be as follows: a) the chairperson, or such person as she or he shall direct, shall give a preliminary statement of the case; b) the appellant or applicant shall present the argument in support of the appeal or application; c) persons opposed to the appeal or granting the application shall present their argument. : d) both sides will be permitted to present rebuttals to opposing testimony; e) the chairperson shall summarize the evidence which has been presented, giving the parties opportunity to make objections or correction. Witnesses may be called and factual evidence may be submitted, but the Board shall not be limited to consideration of only such evidence as would be admissible in a court of law. The Board may view the premises before arriving at a decision. All witnesses before the Board shall be placed under oath and the opposing party may cross-examine them.

(D) Decisions:

- (1) Time. A decision by the Board shall be made within sixty (60) days from the date of hearing.
- (2) Form. Written notice by certified or registered mail, return receipt requested, of the decision in a case shall be given to the applicant or appellant by the secretary as soon as practical after the case is decided. Also, written notice shall be given to owners of the subject property and to persons who have made a written request for such notice. The final decision of the Board shall be shown in the record of the case as entered in the approved minutes. Such record shall show the reasons for the determination, with a summary of the evidence introduced and the finding of the fact made.
- (3) The decision on an application for a variance or an appeal may reverse or affirm, wholly or partly, or modify the decision or determination of the Watershed Administrator.
- (4) When an application for a major variance is filed, the Board shall provide a recommendation to the N.C. Environmental Management Commission
- (5) Expiration of Permits. Unless otherwise specified, any order or decision of the Board in granting a Watershed Protection Permit shall expire if a Building Permit or Watershed Occupancy Permit for such use is not obtained by the applicant within twelve (12) months from the date of the decision.

- (6) Public Record of Decisions. The decisions of the Board, as filed in its minutes, shall be a public record and available for inspection at all reasonable times. Every decision of the Watershed Review Board shall be filed in the office of the Watershed Administrator.
- (7) Appeals. Decisions of the Board shall be subject to review by the superior court. All appeals shall be filed with the Superior Court of Chatham County within thirty (30) days after the decision of the Board is filed in the office of the Watershed Administrator, or after a written copy thereof is delivered to the parties by personal service or registered mail or certified mail, return receipt requested, whichever is later.

Dear Ms. Ray:

Re: Appointment to Chatham County Housing Authority Board

This letter is in reference to an appointment to the Board of Commissioners, Chatham County Housing Authority, Siler City, North Carolina. Ms. Joan Burton, a member of the Board of Commissioners, Chatham County Housing Authority, is retiring from the Chatham County Housing Authority's Board of Commissioners. Ms. Burton is recommending, Shamilla Godfrey, a Housing Choice Voucher (Section 8) resident, to complete the remainder of her term on the Board. We strongly recommend that Ms. Godfrey be appointed to fulfill Ms. Burton's remaining term.

Under U.S. Department of Housing and Urban Development (HUD) regulations, a resident is required to serve on the board. The appointment of Ms. Godfrey will satisfy HUD requirements, comply with their directive, and satisfy Ms. Burton's wishes.

If any additional information is needed, please do not hesitate to contact me at jd.ccha@embarqmail or by telephone at (919) 742-1236, extension 23.

Thanks.

Sincerely,

Net Cost of County Functions

Budget Summary

General Fund	
Administration	\$26,075,041
Culture/Education/Recreation	\$53,877,326
General Government	\$3,705,032
Human Services	\$18,943,584
Natural Resource Management	\$4,773,519
Public Safety	\$24,961,108
Total General Fund	\$132,335,610
Solid Waste and Recycling Fund	\$3,586,300
Southeast Water District	\$722,500
Water Fund	\$8,699,696

Budget Process

Before the budget is finalized, commissioners will:

- Hold a public hearing: May 18
- Hold work sessions: May 21, 22, and May 28 (if needed)
- Make changes based on public input, etc.

Goal is to have the budget finalized on June 15 — state law requires adoption by June 30

Budgeting in troubled times

The current economic recession is unlike any other

Nobody knows ...

- Timing and speed of recovery – National, State, Local
- Long and short term impact on the stock market
- Will there be another outbreak?

We've tried to focus on what we do know

- The economy goes through ups and downs
- Until the decline Chatham was exceeding revenue expectations
- This crisis has made us more resilient

COVID-19

Staff responded to the crisis by stepping up in collaborative and innovative service delivery

- Health Department
- Emergency Operations
- DSS
- Council on Aging
- Parks and Rec
- Library
- All staff pitched in to help other departments

Current Year Revenue Highlights

To-date

- Building Inspections and Environmental Health revenue at 99% of budget as of May 1 (collections through April)
- Property tax collection slightly over budget
- Locally collected sales tax trending 13% over budget
 - We're \$1,030,000 over same time period last year
- Our excellent performance for most of the year will enable us to meet or exceed budgeted revenue for FY 2020

Revenue – Economic Indicators

Unemployment

- Chatham unemployment rate is typically one of the lowest in the state and is below state and nation
- February
 - U.S.: 3.8%
 - State: 3.7%
 - Chatham: 3.2% (tied for 4th lowest)
- As of March (most recent data available)
 - U.S.: 4.5%
 - State: 4.2%
 - Chatham: 3.7% (tied for 3rd lowest)

Revenue – Economic Indicators

Real estate market

- Excise tax revenue has increased steadily since 2010
- Between 2010 and 2019 revenue has more than doubled (131% growth)
- Through March 2020 revenue up 9% over same time period prior year
- Real estate market is slowing down but Triangle Business Journal reports that the Triangle Region market will be less vulnerable to impacts

The things that have made Chatham desirable in the past will continue to make us desirable during recovery.

Revenue – Economic Indicators

Building Permits

- Exceeded expectations current year
- Activity slowed somewhat in early April but is picking up again
- Several commercial permits are about to be issued
- Mosaic and Chatham Park are continuing

FY 21 Budget Highlights

Projecting into an unknown future is risky

- There is a lot of speculation

- Time will prove whether projections are correct or incorrect

- Revenue projections are broadly conservative

Chatham County's excellent revenue outlook in current year will lessen the impact of the slowdown

- Many smaller counties will be harder hit

Local sales tax collection comprises necessary and discretionary spending but is not impacted by loss from sporting events, concerts, and conventions as do larger jurisdictions

As shown in the recovery from the Great Recession we expect Chatham to recover at a faster rate than many surrounding counties

FY 21 Budget Highlights

- Broadly conservative revenue projections mean difficult choices
- Our choices define us:
 - Maintain the debt model
 - Chatham County Schools
 - People = Service
- We are asking departments to contain spending in the first quarter

FY 21 Budget Highlights (cont.)

- Debt reserve:
 - The budget continues the 9.2 cent contribution to the debt reserve
 - Borrowing is in progress for the radio replacement project
- Chatham County Schools:
 - Additional \$2,230,000
 - \$1,261,889 to the general allocation to support the opening of Chatham Grove Elementary
 - \$968,111 to maintain the teacher supplement at the current level

FY 21 Budget Highlights (cont.)

- Six additional positions are recommended to meet the current rising workload demand and the continued demand expected by the current crisis
- 2 detention officers [\$106,013]
 - One begins July, one October
- 3 social workers, 50% reimbursement [\$74,313]
 - 2 begin October, one January
- 1 licensed substance abuse counselor [\$34,211]
 - Begin January

FY 21 Budget Highlights (cont.)

- Council on Aging
 - Family Caregiver Respite [\$35,000]
 - General allocation [\$25,000]
- Visit NC Farms [\$3,600]
- Market pay study [\$50,000]
- Capital outlay one-time spending
 - Portable bleachers [\$26,000]
 - Vehicle for health department [\$28,080]
 - Truck for Cooperative Extension [\$32,000]
 - Feasibility study for phase 2 of CCA&CC [\$45,000]
 - No-till drill for Soil & Water [\$23,495]

Highlights - Major Funds

General Fund: \$132,335,610 - 5% increase

Utility Fund: \$8,699,696 - 14% increase

- Continues to includes Siler City Wastewater Plant [\$750,000]
- Includes several large one-time maintenance projects [\$923,939]
- Includes payment to state for Jordan Lake allocation [\$270,000]

Solid Waste & Recycling: \$3,586,300 (-3%)

Southeast Water \$2,169,983 – 41% increase

In Summary

- Projecting into an unknown future is risky
- Until COVID-19 Chatham County was having an excellent year
- We expect Chatham to recover at a better rate than many other counties
- The budget addresses our top priorities
 - Maintain the debt model
 - Chatham County Schools
 - Provide critical service
- We will be monitoring revenue and expense closely

Budget Process

Before the budget is finalized, commissioners will:

- Hold a public hearing (May 18)
- Hold work sessions: May 21, 22, and May 28 (if needed)
- Make changes based on public input, etc.

Goal is to have the budget finalized on June 15 — state law requires adoption by June 30

Thank You

Chatham County Board of Commissioners

Staff Recommendation for Remote Meetings
and Remote Public Hearings

April 20, 2020 BOC direction to staff

During the April 20, 2020 Chatham County Board of Commissioners Meeting the Board directed staff to give a recommendation to the Board at the May 18, 2020 BOC Meeting regarding a plan for holding remote BOC meetings and public hearings. The Board requested the plan include:

- A way to provide in-person public input at a physical meeting
- A way to provide remote public input
- If possible, a way to use the County's Granicus software for livestreaming the meetings on the County's website.

Remote Meeting Options Investigated

- ZOOM
- GoTo Meeting
- GoTo Webinar
- Maestroconference
- Microsoft Teams
- Granicus
- WebEx

Remote/In-Person Hybrid Meeting Recommendation

- Commissioners will all be present at the Agriculture & Conference Center – each Commissioner will be on a County laptop as a panelist on a GoTo Webinar broadcast. Commissioners will be visible on the GoTo Webinar broadcast throughout the entire meeting
- Based on current restrictions on mass gatherings, a certain number of residents will be allowed to attend the meeting in the room with the commissioners
- Residents will be able to watch the GoTo Webinar broadcast in overflow rooms at the Ag Center and at the Historic Courthouse
- Staff will participate remotely and in person
- Presenters (including applicants) will be able to participate remotely or in person
- Residents in the BOC meeting room will give their comments at a laptop with a camera (with the commissioners in the room) and their comments will be part of the GoTo Webinar broadcast
- Residents in overflow rooms will be able to give public input into a laptop with a camera and their comments will be part of the GoTo Webinar broadcast
- Residents participating remotely from home via the GoTo Webinar broadcast will be able to “raise their hand” and be called on one at a time to speak
- Residents who cannot participate in person or remotely on the web will be given the option to call a phone number and leave up to 3 minutes of comments on voicemail and the Clerk will play the recordings of those comments for the Commissioners at the meeting

How should we proceed?

The Appearance Commission and Planning Board will be using GoTo Webinar for their next meetings. These meetings will be fully remote, meaning there will not be a physical meeting. We are hoping these two meetings will help work out the kinks on the staff side of things.

Staff feels confident that we will be ready for a hybrid meeting allowing remote and in-person participation at the June 15th BOC meeting. Staff recommends that the June 15th BOC meeting include items that are noncontroversial and we would encourage residents and applicants to participate in the meeting even if there is not an item of interest to them on the agenda. The June 15th meeting will give the BOC, staff, and residents the opportunity to test this format and determine if any changes are needed before a meeting that would attract a larger crowd.

Therefore, staff recommends the BOC not hold the two Williams Corner public hearings or three Vickers Bennett public hearings until after the June 15th BOC meeting.
