Dear Ms. Paschal,

(919) 786-4480

The United States Department of Agriculture's, Wildlife Services Program works directly with the North Carolina Wildlife Resources Commission to implement a Beaver Management Assistance Program throughout North Carolina. This program provides for beaver damage management to landholders at significantly reduced rates. It is funded in large part by the NC Wildlife Resources Commission but requires each County to choose to participate on an annual basis. The cost for participation for the upcoming 2018-2019 year (starting July 1, 2018) will be \$4,000.

Please review and update the following contact information for your County:
