Lic Health Preparedness & Response (PHP&R) Branch, is all local health departments through the "CDC-RFA-mergency Response: Public Health Crisis Response, COVID-t – Components A and B Supplemental Funding" to carry out

II. <u>Purpose</u>:

This Activity is for the Local Health Department to work to prevent, prepare for, and respond to Coronavirus Disease 2019 (COVID-19) by carrying out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities.

III. Scope of Work and Deliverables:

All of the activities the Local Health Department performs under this Agreement Addenda shall be informed by the NC DHHS COVID-19 Guidance for Health Care Providers and Local Health Departments. The Local Health Department (LHD) shall:

- 1. Implement and scale-up **laboratory testing and data collection to enable identification and tracking of COVID-19 cases** in the community with emphasis placed on priority populations as defined in NC DHHS guidance² to include health care workers, first responders, persons in high-risk congregate settings, and persons at a higher risk of severe illness, and immediate implementation of real-time reporting to PHP&R. This shall be accomplished by conducting one or more of the following activities:
 - a. Expand testing access in the community with a focus on persons who may expose vulnerable people.
 - b. Conducting surveillance to identify cases, report case data in a timely manner, identify contacts, characterize disease transmission, and track relevant epidemiologic characteristics including hospitalization and death.
 - c. Conducting surveillance to monitor virologic and disease activity in the community and healthcare settings, with emphasis on expanding contact tracing for high risk populations using traditional and non-traditional methods.
 - d. Implementing routine and enhanced surveillance to support the science base that informs public health interventions that mitigate the impact of COVID-19, including understanding of clinical characteristics; infection prevention and control practices; and other mitigation requirements.
 - e. Establishing or enhancing core epidemiological activities to support response such as risk assessment, case classification, analysis, visualization, and reporting.
 - f. Conduct surveillance to monitor disruption in the community caused by COVID-19 and related mitigation activities (e.g., school closures and cancellation of mass gatherings).
 - g. Conduct surveillance to monitor disruption in healthcare systems caused by COVID-19 (e.g., shortages of personal protective equipment).
- 2. Write a brief **COVID-19 community intervention implementation plan** and upload it by May 31, 2020 to the COVID-19/Agreement Addendum/County Submissions/CountyName folder at https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx. The naming convention for this plan shall be, "CountyName-Community Plan" (for example: Wake-Community Plan).

This plan shall describe how the LHD will achieve the response's three mitigation goals: 1) Slow transmission of disease, 2) Minimize morbidity and mortality, and 3) Preserve healthcare, workforce, and infrastructure functions and minimize social and economic impacts. The LHD shall use its

 $^{{}^{1}\}underline{\text{ https://www.ncdhhs.gov/divisions/public-health/covid19/covid-19-guidance\#all-guidance-for-health-care-providers-and-local-health-departments}$

² https://files.nc.gov/ncdhhs/documents/files/covid-19/COVID-19-Provider-Guidance-Final.pdf

current Pan Flu Plan as a template and create a COVID-19 Community Intervention Implementation Plan that shall address how the LHD will accomplish the following tasks, with emphasis on addressing high-risk congregate settings such as long-term care facilities, homeless shelters, correctional facilities, and migrant farmworker camps:

- a. Minimize potential spread and reduce morbidity and mortality of COVID-19 in communities.
- b. Plan and adapt for disruption caused by community spread and implement interventions to prevent further spread.
- c. Ensure healthcare system response is an integrated part of community interventions.
- d. Ensure integration of community mitigation interventions with health system preparedness and response plans and interventions.
- 3. Summarize the LHD's COVID-19 community intervention implementation plan into a COVID-19 community intervention executive summary and upload it by May 31, 2020 to the COVID-19/Agreement Addendum/County Submissions/CountyName folder at https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx. The naming convention for this executive summary shall be, "CountyName-Executive Summary" (For example: Wake-Executive Summary).

This executive summary shall describe a brief statement of the problems or proposals covered, background information, analysis and conclusions regarding how the LHD will meet the response's three mitigation goals: 1) Slow transmission of disease, 2) Minimize morbidity and mortality, and 3) Preserve healthcare, workforce, and infrastructure functions and minimize social and economic impacts.

- 4. **Identify and address additional response needs through one or more of the allowable activities** from the list of Domains and Categories below, with examples of such activities provided in Appendix 2 of the attached "CDC-RFA-TP18-1802, Cooperative Agreement for Emergency Response: Public health Crisis Response, COVID-19 Crisis Response Cooperative Agreement Components A and B Supplemental Funding Interim Guidance" document dated March 15, 2020 ("CDC Interim Guidance document"):
 - a. Domain 1: Incident Management for Early Crisis Response.
 - i. Emergency Operations and Coordination
 - ii. Responder Safety and Health
 - iii. Identification of Vulnerable Populations
 - b. Domain 2: Jurisdictional Recovery.
 - c. Domain 3: Information Management.
 - i. Information Sharing, with emphasis on infection control policies and proper use of personal protective equipment (PPE)
 - ii. Emergency Public Information and Warning and Risk Communication, with emphasis on expanding communications and public education campaigns including digital platforms and call lines
 - d. Domain 4: Countermeasures and Mitigation.
 - i. Nonpharmaceutical Interventions
 - ii. Quarantine and Isolation Support, with emphasis on isolation and quarantine of identified cases in high risk populations
 - iii. Distribution and Use of Medical Materiel

- e. Domain 5: Surge Management.
 - i. Surge Staffing
 - ii. Public Health Coordination with Healthcare Systems
 - iii. Infection Control
- f. Domain 6: Biosurveillance.
 - i. Public Health Surveillance and Real-time Reporting
 - ii. Public Health Laboratory Testing, Equipment, Supplies and Shipping
 - iii. Data Management

IV. Performance Measures/Reporting Requirements:

The Local Health Department shall:

- 1. Provide data as requested by PHP&R that supports reporting the performance measures and deliverables from the CDC-RFA-TP18-1802, Cooperative Agreement for Emergency Response: Public Health Crisis Response, COVID-19 Crisis Response Cooperative Agreement Components A and B Supplemental Funding. The CDC will determine the essential data elements by April 15, 2020. Upon receiving this information from the CDC, PHP&R will communicate it to the LHDs via email with delivery/read verification.
- 2. Submit the following updates and reports to PHP&R:
 - a. Monthly updates to the COVID TP18-1802 Awardee Spend Plan (Excel spreadsheet).
 - i. These updates are to be uploaded in the COVID-19/Agreement Addendum/County Submissions/CountyName folder, located at https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx at no later than thirty days after each month ends. The naming convention for these files shall be, "CountyName-MonthOfReport Spend Plan" (for example: Wake-April Spend Plan).
 - ii. This spreadsheet is available for download and it resides in the COVID-19/Agreement Addendum folder of the Preparedness Coordinator forum, located at: https://ncconnect.sharepoint.com/sites/phpr/SitePages/PCForums.aspx
 - b. Monthly Expenditure Monitoring Reports (EMRs) are due via email (phpr.sgm@dhhs.nc.gov) to the PHP&R Program Manager no later than thirty days after the month ends.
- 3. Provide all plans and documents for review by PHP&R staff when requested. Plans and other documents must be consistent with state and federal requirements and must be specific to your local public health area.

V. Performance Monitoring and Quality Assurance:

PHP&R will provide technical support to the Local Health Department to meet the required and allowable activities defined in the CDC Interim Guidance document. Templates and best practices will be provided as needed on an ongoing basis. PHP&R staff will maintain open communication with the Local Health Department and will therefore, receive and respond to all questions related to the COVID-19 Crisis Response Cooperative Agreement.

PHP&R's Subrecipient Grants Monitor or PHP&R Program Manager's designee will review reports and may schedule and conduct on-site visits with the Local Health Department to assess compliance with CDC grant and Agreement Addendum requirements, financials, and/or provide consultative assistance.

Inadequate performance on the part of the Local Health Department directly impacts the capacity of North Carolina's ability in overall preparedness. In the event that performance is deemed inadequate or non-compliant, PHP&R reserves the right to identify the county as "high risk," which may result in a reduction or suspension of funds.

While not necessarily an indicator of inadequate performance, a Local Health Department's inability to spend allocated funds will result in an assessment and potential recall of funds for re-allocation to other local health departments.

VI. Funding Guidelines or Restrictions:

- 1. Requirements for pass-through entities: In compliance with 2 CFR §200.331 Requirements for pass-through entities, the Division provides Federal Award Reporting Supplements to the Local Health Department receiving federally funded Agreement Addenda.
 - a. Definition: A Supplement discloses the required elements of a single federal award. Supplements address elements of federal funding sources only; state funding elements will not be included in the Supplement. Agreement Addenda (AAs) funded by more than one federal award will receive a disclosure Supplement for each federal award.
 - b. Frequency: Supplements will be generated as the Division receives information for federal grants. Supplements will be issued to the Local Health Department throughout the state fiscal year. For federally funded AAs, Supplements will accompany the original AA. If AAs are revised and if the revision affects federal funds, the AA Revisions will include Supplements. Supplements can also be sent to the Local Health Department even if no change is needed to the AA. In those instances, the Supplements will be sent to provide newly received federal grant information for funds already allocated in the existing AA.

2. Unallowable costs:

- a. Research
- b. Clinical care except as provided above in connection with Domain 4 activities.
- c. Publicity and propaganda (lobbying). Other than for normal and recognized executive-legislative relationships, no funds may be used for:
 - i. publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body
 - ii. the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before any legislative body

Detailed guidance on this prohibition and additional guidance on lobbying for CDC recipients can be found under Additional Requirement 12: https://www.cdc.gov/grants/documents/Anti-Lobbying Restrictions for CDC Grantees July 2012.pdf

- d. All unallowable costs cited in CDC-RFA-TP18-1802 remain in effect, unless specifically amended in the CDC Interim Guidance document, in accordance with 45 CFR Part 75 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards.
- 3. PHP&R will distribute funds to the Local Health Department in amounts based on a formula developed to maximize COVID-19 prevention and mitigation actions to protect the citizens of North Carolina. Funds will be distributed through the Controller's Office based on standard DPH procedures. It is anticipated that the level of funding provided through this Agreement Addendum

will not be enough to support all of the activities that a Local Health Department will undertake and that other resources may be necessary to meet the requirements.

- 4. Overlap in Projects, Budget Items, or Commitment of Effort
 - a. Funds cannot be used to supplant existing federal funds awarded by other federal sources.
 - b. Funds cannot be used to match funding on other federal awards.
- 5. PHP&R reserves the right to review any expenditure that is not in line with the purpose and scope of the funding source. After review of the expenditure PHP&R may reject the expenditure and then require the Local Health Department to further justify or to pay back the expense.
