Vote to approve pyrotechnics display at 289 Spring Creek Rd. Pittsboro NC 27312, on July 4, 2024

Introduction & Background: North Carolina General Statute 14-410, 14-413 (Attachment #A) requires that Pyrotechnic Displays be pre-approved by the County Board of Commissioners of the County that the display is to be conducted in. Mr. John Cavaroc, SL Fireworks, has submitted a letter of request (Attachment #B) to conduct a Pyrotechnics display at 289 Spring Creek Rd. Pittsboro NC 27312, on July 4, 2024. Mr. John Cavaroc, SL Fireworks, will be the Lead Operator for the display.

Discussion & Analysis: Due to the dangerous nature of the use of pyrotechnics, the State of North Carolina enacted strict requirements including the licensing of Pyrotechnic Display Operators. Mr. Cavaroc has provided the required documentation for review which includes a copy of his NC Pyrotechnic Display Operators License (Attachment #C), Certificate of Insurance (Attachment #D), and an ATF License/Permit (Attachment #E). Mr. Cavaroc has also submitted a drawing of the area denoting the required distances from the spectators and structures (Attachment #F). The sizes and types of pyrotechnics to be used were reviewed. Mr. Cavaroc has met the applicable requirements of the North Carolina Fire Prevention Code and the National Fire Protection Association (NFPA) Standard 1123 Fireworks and Explosives. Once notice is received that the County Board of Commissioners has approved the event, the pyrotechnics company representative will be contacted to advise them of the approval and request they please stay abreast of the conditions at the display site as the event draws near. If dry and/or windy conditions appear to pose an increased risk to life or property, a Chatham County Fire Marshal's Office representative will request that the operator contact the firm and/or persons that they have contracted with and advise them of the same. A Chatham County Fire Marshal's Office representative will also contact the company and/or person and advise them of the same. In the event that conditions continue to exist that pose and elevated and/or increased risk to lives and property due to fire and it is determined that the event may need to be cancelled, the Chatham County Fire Marshal's Office representative will contact the pyrotechnic company representative and the firm and/or person they have contracted with within a minimum of forty eight (48) hours prior to the event and advise them of the same. The company and/or persons organizing and responsible for holding the event will give notice to nearby residents of the event a minimum of seven (7) days prior to the actual event. In accordance with the North Carolina Fire Prevention Code an inspection of the display area will be conducted by a Certified NC Fire Prevention Inspector of the Chatham County Fire Marshal's Office prior to the actual

display. A piece of fire apparatus and personnel from the North Chatham Volunteer Fire Department will be on-site before, during, and after the display. The Chatham County Fire Marshal's Office will also conduct a post display inspection of the display area.
