Presentation and update on a Natural Gas Development Impacts Study in Chatham County by Charles Yuill.

Action Requested:

Presentation and update on a Natural Gas Development Impacts Study in Chatham County by Charles Yuill.

Introduction & Background:

In August 2015, the Board of Commissioners adopted an ordinance instituting a temporary moratorium on oil and gas development activities within Chatham County. Section 7 of the moratorium includes two tasks to be completed during the moratorium.

Discussion & Analysis:

The moratorium expiration is 24 months from the adoption date, which is August 2017. The two tasks listed under section 7 are as follows:

- a) **Studies:** The Board of Commissioners will hire a consultant or consultants with expertise regarding fracking and other oil and gas development activities and their impacts on the natural, man-made, and social environments and its economic benefits and costs. The consultant(s) will be tasked to study Chatham County and to analyze state and federal regulatory programs and to prepare a report for the Board regarding the full range of expected impacts on Chatham County, including financial impacts. The study will include the most current analysis of impacts in localities similar to Chatham County in other states and the effectiveness of local ordinances in managing these impacts. This study and report should be completed within the first year of the moratorium and will include the consultant’s conclusions as to whether additional time is needed for thorough study.
- b) **Development of Conditional Use Ordinance:** Upon completion of the study and report. The Board intends to develop a draft conditional use ordinance and/or other ordinances based on the report and the consultant’s advice which will be coordinated with the revisions to the

County's comprehensive zoning ordinance. The draft ordinance will be made for public review and comment and at least one public hearing will be held. Based on public comments the Board will finalize the ordinance and initiate the adoption procedure. Development of the ordinance and final approval is estimated to take one year.

The purpose of the meeting is to review initial findings and receive input from elected officials and advisory committee members. A final report will be presented during a future Board of Commissioners meeting.

Recommendation:

Receive presentation and provide input.
